Chairman's Message

Dear Shareholders,

I am pleased to come with you amid a steady revival in the Indian economy as well as the global industry. Last year was a year of consolidation and structural reforms in the Indian economy including the implementation of the goods and services tax (GST), which will enable to eliminate internal barriers to trade, increase efficiency and improve tax compliance. Despite a slowdown in investment momentum, Indian economy was supported by a strong private consumption and registered an expansion of approx. 6.7% during F.Y. 2018. In addition to GST, the Indian government undertook a number of initiatives such as recapitalisation of banks which is aimed to improve business environment and to support growth.

However, we have been facing difficult operating environment due to liquidity crunch as the credit facilities envisaged and sanctioned under CDR package were not released by the lenders to the Company, which resulted in sub-optimum utilization of manufacturing facilities. Due to non-disbursement of funds the Company could not complete one of its spinning projects where substantial amount was already incurred. All this has led to adverse financial performance and erosion in net worth of the Company.

The Corporate Insolvency Resolution Process (CIRP) under "Insolvency and Bankruptcy Code, 2016" (IBC) has been initiated for the Company after the petition filed by State Bank of India in its capacity as financial creditor was admitted by the Hon'ble National Company Law Tribunal, Chandigarh Bench (NCLT). However, the Corporate Insolvency Resolution Process (CIRP) has been kept in abeyance vide order dt. 22nd June, 2018 of Hon'ble High Court of Punjab & Haryana.

I would like to take this opportunity to thank all our stakeholders for their continuous support and belief in the Company. I would also like to sincerely appreciate all the employees for their passion and dedication towards the Company. Thank you for your support and we hope you continue your association with us.

With best wishes,

Ram Saran Saluja

Chairman

Important Communication to Members

The Ministry of Corporate Affairs has taken a "Green Initiative in the Corporate Governance" by allowing paperless compliances by the Companies and has issued circulars stating the service of notice/documents including Annual Report can be sent by e-mail to its members. To support this green initiative of the Government in full measure, members who have not registered their e-mail addresses, so far, are requested to register their e-mail addresses, in respect of electronic holdings with the Depository through their concerned Depository Participants and with Registrar & Share Transfer Agent-M/s Link Intime India Private Limited in case of shares held in physical form. E-mail is a better method to receive the communications quickly, with least cost implications. We request you to wholeheartedly support this initiative and co-operate with the Company in implementing the same. Please act and contribute to the cause of Environment.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 IN RESPECT OF ITEMS OF SPECIAL BUSINESS:

FOR ITEM NO. 3:

The Board of Directors, on the recommendation of the Audit Committee, has approved the appointment of and Remuneration payable to M/s Jatin Sharma & Co., Cost Accountants for the audit of cost accounting records of the Company pursuant to the Companies (Cost Records and Audit) Rules 2014, for the Financial Year 2018-19 at a remuneration of Rs. 77,000/- excluding the applicable

BUSINESS

The Company is vertically integrated multi-product textile company, manufacturing various kinds of Knitted Garments, Terry Towels, Knitted & Processed Fabric and various kind of Yarn with production facilities located at different parts of India.

State of Company's affairs:

During the year under review, your company has achieved Revenue from Operations of Rs. 98927.71 lacs as compared to Rs. 171287.12 lacs in the previous year. After deducting Expenses and Exceptional Items there was Loss of Rs. 166720.40 lacs as compared to Loss of Rs. 85438.28 lacs during the previous year. After providing for taxes and other adjustments, the current year loss stood at Rs. 222179.94 lacs as compared to loss of Rs. 55755.39 lacs during the previous year.

The Company followed an aggressive growth path and had considerably grown its balance sheet, including debt. Due to

the industry situation in general viz. slowdown and company specific issues such as growing debt, delayed realization of debtors, working capital shortfall, delay in project completion and cash flow mismatch, which had adversely affected the liquidity position of the company, the company was facing financial problems and finding difficulty in servicing its debt obligation. Therefore, it approached the lenders for restructuring its debts under Corporate Debt Restructuring (CDR) mechanism. The Company's proposal for restructuring of its debts was approved by Corporate Debt Restructuring Cell ("CDR Cell") vide Letter of Approval (LOA) dt. 30.06.2014.

However, the credit facilities envisaged and sanctioned under CDR package were not released by the lenders to the Company, which resulted in sub-optimum utilization of manufacturing facilities. Due to non-disbursement of funds the Company could not complete one of its spinning projects where substantial amount was already incurred. All this has led to adverse financial performance and erosion in net worth of the Company. Also the company has been facing cash flow

mismatch and is not able to serve debt obligations as per the terms of CDR package sanctioned earlier. Due to financial constraints, the company has also started job work operations in some of its spinning plants.

Since, the Company was finding it difficult to serve its debt obligations, the Company has requested its lenders for a second/deep restructuring of its debts. Considering the state of art manufacturing facilities of the Company, most modernized technology, skilled labor force, professional management and inherent viability of the Company, the lenders had in-principle agreed for second/deep restructuring of the debts. Pending discussions with the lenders, State Bank of India in its capacity as financial creditor has filed a petition on 12th October, 2017 under "Insolvency and Bankruptcy Code, 2016" (IBC) with Hon'ble National Company Law Tribunal, Chandigarh Bench (NCLT). On 11th April, 2018, the NCLT vide its order of even date admitted the said petition and Corporate Insolvency Resolution Process (CIRP) has been initiated. Mr. Navneet Kumar Gupta having Registration No. IBBI/IPA-001/IP-P00001/2016-17/10009 was appointed as Interim Resolution Professional (IRP) vide order dt. 25th April, 2018 and the affairs, business and assets are being managed by the Interim Resolution Professional (IRP). The Company has preferred an appeal against the admission of petition and appointment of IRP with National Company Law Appellate Tribunal (NCLAT).

The Corporate Insolvency Resolution Process (CIRP) has since been kept in abeyance vide order dt. 22nd June, 2018 of Hon'ble High Court of Punjab & Haryana. Accordingly, the Company has prepared these financial statements on the basis of going concern assumption.

Due to non disbursement of credit facilities the Company had suffered operational losses as well as capital losses. Therefore, the Company has presented before the Adjudicating Authority counter claim & claim of set off against the banks.

Further, the majority of secured lenders have stopped charging interest on borrowings, since the accounts of the Company have been categorized as Non Performing Asset. Further the Corporate Insolvency Resolution Process had been initiated under "Insolvency and Bankruptcy Code, 2016". In view of the above, the Company has stopped providing interest accrued and unpaid effective 1st April, 2016 in its books

AUDITORS:

M/s Malhotra Manik & Associates, Chartered Accountants, (Firm Registration No. 015848N) were appointed as Auditors of the Company for a term of five years.

AUDITORS' REPORT:

- A) With reference to the Auditors remarks regarding non provision of interest on NPA classified bank borrowings the Board would like to state that the Majority of Lenders have stopped charging interest on debts, since the dues from the Company have been categorized as Non Performing Asset. Further the Corporate Insolvency Resolution Process has been initiated under "Insolvency and Bankruptcy Code, 2016". In view of the above, the Company has stopped providing interest accrued and unpaid effective 1st April, 2016 in its books. The amount of such accrued and unpaid interest, calculated according to the CDR term, not provided for is estimated at Rs. 54,084 lakhs (Previous Year Rs. 35,901 lakhs) for the year ended 31st March, 2018 and the same has not been considered for preparation of the financial statements for the year ended 31st March 2018. Due to non provision of the interest expense, net loss for the year ended 31st March, 2018 is reduced by Rs. 54,084 lakhs. Further the Financial Liability is reduced by Rs. 89,985 lakhs and correspondingly the equity is increased by the same amount.
- B) With reference to remark on Interest subsidy receivable the Board would like to state that the Subsidies are to be released by Ministry of Textiles and Madhya Pradesh Government and the Company is hopeful of receiving the same in full. Since, the subsidies are not related to current year, the same does not have any impact on current year's profits/losses of the Company. However the reserves & surplus & current assets are overstated to the extent.
- C) With reference to remark on Impairment testing the Board would like to state that the Company was implementing a Spinning project which got stuck due to non-disbursement of credit facilities by the Banks. However, post Corporate Insolvency Resolution Process (CIRP) the Company expects that the project would be completed. Therefore, impairment testing was not conducted.
- D) With reference to remark on Write down of inventories of Raw materials etc, the Board would like to state that due to the liquidity stress, which the Company was facing from last five years, the Company has not been able to manufacture products as per requirements of the buyers or as per market demand. It has been manufacturing

products to keep its production capacities working and as per availability of raw material. The Company has been procuring raw material from the sources where credit is available. All this had resulted in build-up of obsolete stock and slow moving stock which has been now written down to net realizable value.

- E) With reference to remark on shortfall in the carrying value of the Security, the Board would like to state that the carrying value of the security has reduced due to writing down of inventories, impairment of advances, trade receivables etc. Further, inclusion of Corporate Guarantee in financial statement has increased the borrowings without corresponding increase in security value.

Further the report of Auditors and notes on accounts are self explanatory and do not call for any further comments as there are no further adverse remarks/qualified opinion by the Auditors.

Further, regarding Auditors Emphasis of Matter in their Report the Board would like to state as under;

- a) In respect of contingency related to "compensation payable in lieu of bank sacrifice" the outcome of which is materially uncertain and cannot be determined currently. Due to non disbursement of credit facilities the Company had suffered operational losses as well as capital losses. Therefore, the Company has presented before the Adjudicating Authority counter claim & claim of set off against the banks.
- b) In respect of contingency related to export incentives obligation refundable in respect of allowance for foreign trade receivable, the amount of such obligation cannot be determined currently.
- c) With reference to contingency related to Income Tax Demands raised by the Income Tax Authorities, the Company has filed the appeals against these additions before appropriate authorities and the Company is hopeful that it will get relief in appeal. Considering the facts of the matters, no provision is considered necessary by management with no additional tax liability.
- d) With reference to the Auditors remarks regarding Non confirmation of debit/credit balances, the same were not confirmed by the respective parties despite the letters/emails in this regard been sent to them. However the management does not expect any material changes on account of such reconciliation/non-receipt of confirmation from parties
- e) With reference to allowance in respect of Trade Receivable and impairment loss in respect of long outstanding Capital/Trade advances, the Company has duly complied with the applicable Accounting Standards in this regard. However, the management is of the view that the said receivables and outstanding Capital/Advances are fully recoverable/adjustable.

f) With reference to uncertainty regarding contracts yet to be executed, escalation costs etc. being a technical matter, it is not possible to comment on the total contingent capital commitment amount as the same cannot be measured with sufficient reliability.

Further with reference to material Uncertainty Related to going concern, the Lenders with the approval of CDR EG shall have the right to recompense the reliefs/sacrifices/waivers extended by respective CDR lenders as per the CDR guidelines. The recompense payable is contingent on various factors including improved performance of the Company and many other conditions, the outcome of which is currently materially uncertain.

However, the credit facilities envisaged and sanctioned under CDR package were not released by the lenders to the Company, which resulted in sub-optimum utilization of manufacturing facilities. Due to non-disbursement of funds the Company could not complete one of its spinning projects where substantial amount was already incurred. All this has led to adverse financial performance and erosion in net worth of the Company. Also the company has been facing cash flow mismatch and is not able to serve debt obligations as per the terms of CDR package sanctioned earlier.

Since, the Company was finding it difficult to serve its debt obligations, the Company has requested its lenders for a second/deep restructuring of its debts. Considering the state of art manufacturing facilities of the Company, most modernized technology, skilled labor force, professional management and inherent viability of the Company, the lenders had in-principle agreed for second/deep restructuring of the debts. Pending discussions with the lenders, State Bank of India in its capacity as financial creditor has filed a petition on 12th October, 2017 under "Insolvency and Bankruptcy Code, 2016" (IBC) with Hon'ble National Company Law Tribunal, Chandigarh Bench (NCLT). On 11th April, 2018, the NCLT vide its order of even date admitted the said petition and Corporate Insolvency Resolution Process (CIRP) has been initiated. Mr. Navneet Kumar Gupta having Registration No. IBBI/IPA-001/IP-P00001/2016-17/10009 was appointed as Interim Resolution Professional (IRP) vide order dt. 25th April, 2018 and the affairs, business and assets are being managed by the Interim Resolution Professional (IRP). The Company has preferred an appeal against the admission of petition and appointment of IRP with National Company Law Appellate Tribunal (NCLAT).

The Corporate Insolvency Resolution Process (CIRP) has since been kept in abeyance vide order dt. 22nd June, 2018 of Hon'ble High Court of Punjab & Haryana. Accordingly, the Company has prepared these financial statements on the basis of going concern assumption.

Due to non disbursement of credit facilities the Company had suffered operational losses as well as capital losses. Therefore, the Company has presented before the Adjudicating Authority counter claim & claim of set off against

the banks.

Further with reference to Changes in Accounting Estimates and Errors, regarding disclosure of restated opening balances of assets, liabilities and equity for the earliest prior period presented, the Company has adopted Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors during the Financial year 2017-18., due to which the figures of previous F.Y. have been re-stated. Further with reference to quantitative details for certain items of fixed assets, there are some category of assets of such minute nature that it takes time to derive quantitative details of such kind of assets.

Annexure-VII: Remuneration Policy

1. Review of the Policy

1.1 The Nomination and Remuneration Committee will review this policy periodically and recommend revisions to the board for consideration.

The philosophy for remuneration of Directors, Key Managerial Personnel (“KMP”) and all other employees of SEL Manufacturing Company Limited (“the Company”) is based on the commitment of fostering a culture of leadership with trust. The remuneration policy is aligned to this philosophy.

This remuneration policy has been prepared pursuant to the provisions of Section 178(3) of the Companies Act, 2013 (“Act”) and Clauses of the Equity Listing Agreement (“Listing Agreement”)/SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. In case of any inconsistency between the provisions of law and this remuneration policy, the provisions of the law shall prevail and the company shall abide by the applicable law.

While formulating this policy, the Nomination and Remuneration Committee has considered the factors laid down under Section 178(4) of the Act, which are as under:

- (a) the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the company successfully;
- (b) relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
- (c) remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals.”

Key principles governing this remuneration policy are as follows:

Remuneration for Independent Directors and Non-Independent Non-Executive Directors:

- Independent directors (“ID”) and non-independent non-executive directors (“NED”) may be paid sitting fees (for attending the meetings of the Board and of committees of which they may be members) and commission within regulatory limits.
- Within the parameters prescribed by law, the payment of sitting fees and commission will be recommended by the Nomination and Remuneration Committee and approved by the Board.
- Overall remuneration (sitting fees and commission) should be reasonable and sufficient to attract, retain and motivate directors aligned to the requirements of the Company (taking into consideration the challenges faced by the Company and its future growth imperatives).
- Overall remuneration should be reflective of size of the Company, complexity of the sector/ industry/ company's operations and the company's capacity to pay the remuneration.
- Overall remuneration practices should be consistent with recognised best practices.
- Quantum of sitting fees may be subject to review on a periodic basis, as required.
- The aggregate commission payable to all the Non executive Directors and the Independent Directors will be recommended by the Nomination and Remuneration Committee to the Board based on company performance, profits, return to investors, shareholder value creation and any other significant qualitative parameters as may be decided by the Board.
- The Nomination and Remuneration Committee will recommend to the Board the quantum of commission for each director based upon the outcome of the evaluation process which is driven by various factors including attendance and time spent in the Board and committee meetings, individual contributions at the meetings and contributions made by directors other than in meetings.
- In addition to the sitting fees and commission, the Company may pay to any director such fair and reasonable expenditure, as may have been incurred by the director while performing his/her role as a director of the Company. This could include reasonable expenditure incurred by the director for attending Board/ Board committee meetings, general meetings, court convened meetings, meetings with shareholders/ creditors/ management, site visits, induction and training (organised by the company for directors) and in obtaining professional advice from independent advisors in the furtherance of his/ her duties as a director.

Remuneration for Managing Director ("MD")/ Executive Directors ("ED")/ KMP/ rest of the employees

- The extent of overall remuneration should be sufficient to attract and retain talented and qualified individuals suitable for every role. Hence remuneration should be
- Market competitive (market for every role is defined as companies from which the company attracts talent or companies to which the company loses talent).
- Driven by the role played by the individual.
- Reflective of size of the company, complexity of the sector/ industry/ company's operations and the company's capacity to pay.
- Consistent with recognised best practices.
- Aligned to any regulatory requirements.

In terms of remuneration mix or composition:

- The remuneration mix for the MD/ EDs is as approved by the shareholders. In case of any change, the same would require the approval of the shareholders, if required, under the provisions of the Companies Act, 2013.
- Basic/ fixed salary is provided to all employees to ensure that there is a steady income in line with their skills and experience.
 - In addition to the basic/ fixed salary, the company provides employees with certain perquisites, allowances and benefits to enable a certain level of lifestyle and to offer scope for savings and tax optimisation, where possible. The company also provides all employees with a social security net (subject to limits) by covering medical expenses and hospitalisation through re-imbursments or insurance cover and accidental death and dismemberment through personal accident insurance.
 - The company provides retirement benefits as applicable.
 - In addition to the basic/ fixed salary, benefits, perquisites and allowances as provided above, the company may provide MD/EDs such remuneration by way of commission, calculated with reference to the net profits of the company in a particular financial year, as may be determined by the Board, subject to the overall ceilings stipulated in Section 197 of the Act. The specific amount payable to the MD/ EDs would be based on performance as evaluated by the Board or the Nomination and Remuneration Committee and approved by the Board.
 - The company may provide the rest of the employees a performance linked bonus. The performance linked bonus would be driven by the outcome of the performance appraisal process and the performance of the company.

Remuneration payable to Director for services rendered in other capacity

The remuneration payable to the Directors shall be inclusive of any remuneration payable for services rendered by such director in any other capacity unless:

- a) The services rendered are of a professional nature.
- b) The Nomination and Remuneration Committee is of the opinion that the director possesses requisite qualification for the practice of the profession.

Policy implementation

The Nomination and Remuneration Committee is responsible for recommending the remuneration policy to the Board. The Board is responsible for approving and overseeing implementation of the remuneration policy.

CORPORATE GOVERNANCE REPORT

The Company's governance philosophy is based on trusteeship, transparency and accountability. As a corporate citizen, our business fosters a culture of ethical behavior and disclosures aimed at building trust of our stakeholders. Corporate governance is a value-based framework to manage our Company affairs in a fair and transparent manner. As a responsible corporation, we use this framework to maintain accountability in all our affairs and employ democratic and open processes. We have evolved guidelines and best practices over the years to ensure timely and accurate disclosure of information regarding our financials, performance, leadership and governance of the Company.

1. MANAGEMENT DISCUSSION AND ANALYSIS REPORT:

Against weak global growth, expansion in Indian economy was noteworthy. Despite some decline in growth due to slowdown in manufacturing and demonetization earlier, India remained one of the fastest growing major economy. Considering India's growth is primarily driven by Government spending and private consumption, latter of which got impacted by demonetisation, strong growth numbers provided a lot of comfort on the strength of the economy. Not only growth but Indian economy did well on other macro-economic parameters also. Crude price rose again after remaining weak for last couple of years. However, in spite of higher crude prices, inflation remained under control.

The Company's performance has been adversely hit due to financial constraints, high debt and high input costs and non optimization of production capabilities. Our activities are of importance to the social and economic environment of the communities in which we operate. Helping to bring positive benefits to such communities not only improves their state of well-being but also facilitates the smooth running of our operations.

(a) Industry Structure and Development

The textile industry is one of the largest industry of modern India. It is closely linked with the agricultural and rural economy. India's textile industry since its beginning continues to be predominantly cotton based with about 65 percent of fabric consumption in the country being accounted for by cotton. The structure of the textile industry is extremely complex with the modern, sophisticated and highly mechanised mill sector which apply modern machinery and techniques such as economies of scale, on the one hand and the handspinning and handweaving (handloom), sericulture sector on the other. The potential of the textile and clothing industries to contribute to long-run growth and development will depend not only on the attributes (desirable or otherwise) of the investors, but also on the quality and effectiveness of government policies and institutions in developing countries to build on this investment.

The Textile & Clothing Industries are very important for a handful of countries, in terms of trade, GDP and employment and have contributed significantly in several other countries. These industries provide opportunities for export diversification and expansion of manufactured exports for low-income countries that can exploit their labour cost advantages and fill emerging niches and meet buyer demands. There are also dynamic effects of Textile & clothing industries and these dynamic effects are greater, the more linkages have been built up between the garment industry and local textile suppliers.

The Company:

The Company is vertically integrated multi-product textile company, manufacturing various kinds of Knitted Garments, Terry Towels, Fabric and various kind of Yarn with production facilities located at various locations in India.

Your company continue to hold 99% stake in the partnership firm namely M/s SE Exports. SEL Textiles Ltd. is the wholly owned Subsidiary of the Company. SEL Textiles Ltd. is engaged in the business of textiles and the Company has two spinning unit(s) one at Neemrana (Rajasthan) and one at Hansi, Hissar (Haryana) and a terry towel unit at Nawa Sheher Punjab, Spinning unit at Vill Punjava-Lambi, Tehsil Malout, Dist Sri Muktsar Sahib (Punjab). Further SEL Textiles Ltd., has a subsidiary company i.e. M/s Silverline Corporation Ltd.. SEL Aviation Pvt. Ltd., subsidiary of the company is in the business of Aviation services.

(b) Company's Performance

During the year under review, your company has achieved Revenue from Operations of Rs. 98927.71 lacs as compared to Rs. 171287.12 lacs in the previous year. After deducting Expenses and Exceptional Items there was Loss of Rs. 166720.40 lacs as compared to Loss of Rs. 85438.28 lacs during the previous year. After providing for taxes and other adjustments, the current year loss stood at Rs. 222179.94 lacs as compared to loss of Rs. 55755.39 lacs during the previous year.

Product wise Performance:

A Snapshot of major product wise performance and its comparison with the previous fiscal is tabulated below:-

Product	2017-18 (Rs. in Lacs)	2016-17 (Rs. in Lacs)
Yarn	45686.40	101774.00
Terry Towel	29289.85	39033.07
Knitted Fabric/ Cloth	8817.51	8964.02

During F.Y. 2017-18, Sales got decreased due to Financial constraints and non attainment of optimum capabilities. The Company is functioning in only one Reportable Segment i.e. Textiles, hence Segment Reporting is not applicable.

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating officer (COO), in deciding how to allocate resources and assessing performance.

(c) Dividend

On account of current losses, no dividend has been declared for the financial year 2017-18.

(d) Outlook: Opportunity, Threats, Risks & Concerns

The fundamental strength of Indian textile industry is its strong production base with wide range of fibers/yarns. These are natural fibers such as cotton, jute, silk and wool and synthetic/man-made fibers like polyester, viscose, nylon and acrylic. In producer-driven value chains, large, usually transnational, manufacturers play the central roles in

coordinating production networks. Textile industry is capital and technology-intensive comparable with automobiles, aircraft, computers, semiconductors and heavy machinery industry. Buyer-driven value chains are those in which large retailers, marketers and branded manufacturers play the pivotal roles in setting up decentralized production networks in a variety of exporting countries, typically located in developing countries. This pattern of trade-led industrialization has become common in labor intensive, consumer-goods industries such as garments, footwear, toys, handicrafts and consumer electronics. Large manufacturers control the producer-driven value chains at the point of production, while marketers and merchandisers exercise the main leverage in buyer-driven value chains at the design and retail stages. Apparel is an ideal industry for examining the dynamics of buyer-driven value chains. The relative ease of setting up clothing companies, coupled with the prevalence of developed-country protectionism in this sector, has led to an unparalleled diversity of garment exporters in the third world. Apparel is an ideal industry for examining the dynamics of buyer-driven value chains. The major growth drivers of the global apparel market will be the developing economies, mainly China and India. This growth also boosts the purchasing power and propel the demand for the textile products.

Challenges: The Indian textile industry is highly fragmented and is being dominated by the unorganized sector and small and medium industries. The changing government policies at the state and central government levels are posing major challenges to the textile industry. The tax structure GST (Goods and Service Tax) make the garments expensive. Another important threat is raising interest rates and labor wages and workers' salaries. The Indian textile industry has its own limitations such as accesses to latest technology and failures to meet global standards in the highly competitive export market. There is fierce competition from China, Bangladesh and Sri Lanka in the low price garment market. In the global market tariff and non-tariff barriers coupled with quota is posing major challenge to the Indian textile industry. The environmental and social issues and personal safety norms are also some of the challenges for the textile industry in India.

Our principal operating strategies are to:
We are trying to focus on cost cutting strategies, development of new markets and maintain the quality of our products to satisfy and exceed the expectations of the market and look forward to a better market sentiment for textiles.

Threats, risks and concerns:

There are certain regular risks and concerns that surface in the business. Our primary raw material is cotton, which we source from the domestic market. Cotton is an agricultural product and its supply and quality are subject to forces of nature. Any material shortage or interruption in the domestic supply or deterioration in the quality of cotton due to natural causes or other factors could result in increased production costs, which we may not successfully be able to pass on to customers, which in turn would have a material adverse effect on our business. There can be no assurance that the price levels of cotton will remain favorable. Any increase in cotton prices would have a material adverse effect on our business.

Power and Fuel are major manufacturing costs while producing textiles. Any increase in these costs has a negative impact on

the profits of the company. Over the past year, tariff prices for power have been increasing. The Company's captive power plant uses helps to mitigate some of the power cost risk.

Advancement in technology may require us to make additional capital expenditure for upgrading our manufacturing facilities. However, the Company's diversified product profile, quality approach, value-added segments, manufacturing flexibility, modern technology & strong marketing network has equipped the company well to meet competitors.

Further, the Company followed an aggressive growth path and had considerably grown its balance sheet, including debt. Due to the industry situation in general viz. slowdown and company specific issues such as growing debt, delayed realization of debtors, working capital shortfall, delay in project completion and cash flow mismatch, which had adversely affected the liquidity position of the company, the company was facing financial problems and finding difficulty in servicing its debt obligation. Therefore, it approached the lenders for restructuring its debts under Corporate Debt Restructuring (CDR) mechanism. The Company's proposal for restructuring of its debts was approved by Corporate Debt Restructuring Cell ("CDR Cell") vide Letter of Approval (LOA) dt. 30.06.2014.

However, the credit facilities envisaged and sanctioned under CDR package were not released by the lenders to the Company, which resulted in sub-optimum utilization of manufacturing facilities. Due to non-disbursement of funds the Company could not complete one of its spinning projects where substantial amount was already incurred. All this has led to adverse financial performance and erosion in net worth of the Company. Also the company has been facing cash flow mismatch and is not able to serve debt obligations as per the terms of CDR package sanctioned earlier. Due to financial constraints, the company has also started job work operations in some of its spinning plants.

Since, the Company was finding it difficult to serve its debt obligations, the Company has requested its lenders for a second/deep restructuring of its debts. Considering the state of art manufacturing facilities of the Company, most modernized technology, skilled labor force, professional management and inherent viability of the Company, the lenders had in-principle agreed for second/deep restructuring of the debts. Pending discussions with the lenders, State Bank of India in its capacity as financial creditor has filed a petition on 12th October, 2017 under "Insolvency and Bankruptcy Code, 2016" (IBC) with Hon'ble National Company Law Tribunal, Chandigarh Bench (NCLT). On 11th April, 2018, the NCLT vide its order of even date admitted the said petition and Corporate Insolvency Resolution Process (CIRP) has been initiated. Mr. Navneet Kumar Gupta having Registration No. IBBI/IPA-001/IP-P00001/2016-17/10009 was appointed as Interim Resolution Professional (IRP) vide order dt. 25th April, 2018 and the affairs, business and assets are being managed by the Interim Resolution Professional (IRP). The Company has preferred an appeal against the admission of petition and appointment of IRP with National Company Law Appellate Tribunal (NCLAT).

The Corporate Insolvency Resolution Process (CIRP) has since been kept in abeyance vide order dt. 22nd June, 2018 of Hon'ble High Court of Punjab & Haryana. Accordingly, the Company has prepared these financial statements on the basis of going concern assumption

Due to non disbursement of credit facilities the Company had

suffered operational losses as well as capital losses. Therefore, the Company has presented before the Adjudicating Authority counter claim & claim of set off against the banks.

Further, the majority of secured lenders have stopped charging interest on borrowings, since the accounts of the Company have been categorized as Non Performing Asset. Further the Corporate Insolvency Resolution Process had been initiated under "Insolvency and Bankruptcy Code, 2016". In view of the above, the Company has stopped providing interest accrued and unpaid effective 1st April, 2016 in its books.

(e) Internal Control System and their adequacy

Your company has adequate internal control systems commensurate with its size and nature of business to ensure efficient utilization and protection of assets, compliance with statutes and proper recording of all transactions. The internal control and audit function covers all the plants, divisions for safeguard of the Company's assets and for their protection against loss from unauthorized use or disposition. The internal audit department performs internal audit periodically to ascertain their adequacy and effectiveness of other controls in the organization. Most of the Company's critical functions such as operations, supply chain, finance & accounts and human resources are linked through implementation of Enterprise Resource Planning, (ERP)/Systems, Applications, and Products in Data Processing (SAP). This has enabled the Company to reduce its time in various critical areas. This has also helped the Company to reduce its costs of operations, reduction in wastages and enhanced overall cost efficiency.

(f) Human Resources:

Textile Industry is highly labour intensive in nature. Our human resource policies are targeted at creating a motivated work force. Our efforts in building a conducive work atmosphere have helped us in having lower attrition rates. The Company has established various training centers for up-gradation of worker skills. We believe in an environment which gives today's diverse, multi-generational and mobile workforce the confidence to realise their potential and provide world class solutions to the customers. As on 31.03.2018 the Company has 8436 number of employees on rolls of the company.

INDEPENDENT AUDITORS' REPORT

To the Members of SEL Manufacturing Company Limited Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of SEL Manufacturing Company Limited ("the Company"), which comprise the Balance Sheet as at 31st, March 2018, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Ind AS financial statements"), in which are incorporated the returns for the year ended on that date audited by the branch auditors of the company's overseas branch at Sharjah, United Arab Emirates.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matter stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the relevant rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

The Hon'ble National Company Law Tribunal, Chandigarh ("NCLT") on April 11th, 2018 admitted the Corporate Insolvency Resolution Process ("CIRP") application filed against the Company and appointed Mr. Navneet Kumar Gupta having IP Registration No. IBBI/PA-001/IP-P00001/2016-17/10009 as Interim Resolution Professional ("IRP") in terms of the Insolvency and Bankruptcy Code, 2016 ("Code") vide order dated 25th April 2018 to manage the affairs, business and assets of the company. The company has preferred an appeal against the admission of petition and appointment of IRP with National Company Law Appellate Tribunal (NCLAT). The CIRP has since been kept in abeyance vide order date 22nd June, 2018 of Hon'ble High Court of Punjab & Haryana. In view of the abovesaid order of Hon'ble High Court of Punjab & Haryana, the powers and responsibilities to manage the affairs, business and assets of the company is vested with the Board of Directors of the company.

Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of standalone Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Ind AS financial statements

Basis for Qualified Opinion

We refer to:

- 1) Note No. 38 to the Standalone Ind AS financial statements in respect of non provision of interest on borrowings from banks (classified as NPA) amounting Rs.54084 lakhs & Rs. 35901 lakhs (amount calculated after considering the rates and terms and conditions stipulated originally as per CDR package) for the year ended 31st March, 2018 & 31st March 2017 respectively. The same is not in compliance with the requirements of para 27 of the Ind AS 1- Presentation of Financial Statements w.r.t. preparation of financial statements on accrual basis. Consequently, borrowings are not reflected at fair value in financial statements as required by Ind AS 109, Financial Instruments.
- 2) Note no. 13 (Other Financial Assets) to the Standalone Ind AS financial statements includes interest subsidy receivable amounting to Rs.26,621 Lakhs which consists of interest subsidy (i) under TUFs from Ministry of Textiles and (ii) Subsidy under Textile Policy of Government of Madhya Pradesh for the Financial years 2013-14 to 2016-17 for which no confirmation was available. The company has not provided for any allowance under ECL there against.
- 3) The company has not provided to us for our review any working regarding impairment testing being conducted to assess recoverable amount of Capital work in progress of Rs16986 lakhs outstanding as at 31st March 2018. We are unable to comment on whether the company needs to make a provision in respect of impairment losses on above as required under Ind AS 36.
- 4) Note no. 40(c), to the Standalone Ind AS financial statements relating to write down of inventories of Raw materials, Work in Progress, Finished Goods identified as non-moving, slow moving, obsolete and damaged inventory to net realizable value by Rs 40710 lakhs for which the company has not provided to us any technical market/commercial evaluation for the same to justify its reasonableness. Being a technical matter we are unable to comment on the loss recognized by the company due to write down of inventories to net realizable value.
- 5) Note no.18, 20 and 22 to the Standalone Ind AS financial statements in respect of Borrowings(NonCurrent), Short Term Borrowings and other Financial Liabilities (Current) contains secured loans from banks. There is shortfall in the carrying value of the security against the secured loans consequently the loans are not fully secured.

We further report that, had the impact of our observations made in paragraph 1 of Basis for qualified opinion paragraph been considered, the net loss for the year ended 31st March, 2018 would have been increased by Rs. 54084 lakhs and the borrowings for the year ended 31st March 2018 and 31st March 2017 would have been increased by Rs. 89985 lakhs & Rs. 35901 lakhs and Equity would have been reduced by the same amount for the years ended 31.3.2018 and

31.3.2017 respectively. The financial impact of matters stated in paragraphs 2,3,4&5 to the Basis for Qualified Opinion can't be measured reliably.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the possible effects of the matter described in the above para of "Basis for Qualified Opinion"* of our report, that aforesaid Standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018 and its loss, its cash flows and the changes in equity for the year ended on that date.

Material Uncertainty Related to Going Concern

Note no. 37 of the Standalone Ind AS financial statements, stating thereto that the terms and conditions of the sanctioned CDR package w.r.t. interest and principal repayment were not complied with. Consequently, State Bank of India, in its capacity as financial creditor had filed a petition under Insolvency and Bankruptcy Code, 2016 (IBC) against the company with Hon'ble National Company Law Tribunal, Chandigarh Bench (NCLT) which was admitted on 11th April 2018 and Corporate Insolvency Resolution Process (CIRP) has been initiated in terms of IBC. The company has preferred an appeal against the admission of petition and appointment of IRP with NCLAT. The CIRP has since been kept in abeyance vide order dated 22.06.2018 of Hon'ble High Court of Punjab and Haryana. The company has incurred net loss of Rs.222643lakhs resulting into accumulated losses of Rs. 296335 lakhs leading to erosion of entire net worth and current liabilities have exceeded the current assets of the company. Further concerning the company's ability to realize the value of inventories, trade receivables and other financial assets, meet its contractual/ financial obligations w.r.t. repayment of overdue principal and accrued interest on secured borrowings, arranging working capital for ensuring normal operations, further investments required towards ongoing projects under construction and the Corporate guarantee given on the behalf of its subsidiary namely SEL Textiles Limited. Moreover the company has derecognized Deferred Tax assets and MAT credit since availability of future taxable income is not certain. Due to financial constraints, the company has started job work operations in major spinning plants instead of pursuing its own manufacturing activities since November 2017. These conditions indicate the existence of a material uncertainty that may cast significant doubt on the company's ability to continue as going concern and therefore company may be unable to realize its assets and discharge its liabilities in the normal course of business.

Emphasis of Matter

We draw attention to the following matters:

- (1) Note No. 37(c) of the Standalone Ind AS financial statements in respect of Contingency related to 'compensation payable in lieu of bank sacrifice,' the outcome of which is materially uncertain and cannot be determined currently.
- (2) Note No. 34 A (iv) of the Standalone Ind AS financial statements in respect of contingency related to export incentives obligation refundable amounting Rs. 3855 lakhs in respect of allowance for foreign trade receivables, which is further subject to interest and penalties. the amount of such obligation cannot be determined currently.
- (3) Note No. 34 A (iii) of the Standalone Ind AS financial statements in respect of contingency related to Income Tax demands raised by the Income Tax Authorities amounting Rs. 27854 Lakhs for various

matters, which is further subject to interest and penalties, the amount of such obligation cannot be measured with sufficient reliability.

(4) Note no. 39, to the Standalone Ind AS financial statements regarding the balance confirmations of Trade Receivables, Capital/Trade Advances & Trade Payables. During the course of preparation of Standalone Ind AS financial statements, e-mails/letters have been sent to various parties by the company with a request to confirm their balances as on 31st March, 2018 out of which few parties have confirmed their balances direct to us or to the company.

(5) As reported vide note 40(a) to the Standalone Ind AS financial statements, the company has provided for allowance of Rs.88093 lakhs in respect of Trade Receivables due to change in probability factor in estimating Expected credit losses (under ECL Model) as reported in para 3 to the financial statements. Further, Note No. 40(b) to the Standalone Ind AS financial statements, the company has provided for impairment loss of Rs. 3584 Lakhs in respect of long outstanding Capital/Trade Advances given to suppliers.

(6) Note No. 34(B), to the Standalone Ind AS financial statements in respect of Capital Commitments contains uncertainty regarding contracts yet to be executed, escalation costs and other additions to the reported figures, if any. Being a technical matter, we are unable to comment on the total contingent capital commitment figure reported as the same cannot be measured with sufficient reliability.

Our opinion is not modified in respect of matters reported in para (1) to (6) of Emphasis of Matter.

Other Matter

We did not audit the financial statements of Overseas branch included in the Standalone Ind AS financial statements of the Company whose financial statements reflect NIL total assets as at 31st March, 2018 and NIL revenues for the year ended on that date, as considered in the Standalone Ind AS financial statements. The financial statements of the branch has been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of the branch, is based solely on the report of such branch auditors.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the order.
2. As required by Section 143 (3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books and proper returns adequate for the purpose of our audit have been received from the company's overseas branch at United Arab Emirates not visited by us;
 - c. The reports on the accounts of the branch office of the Company audited under Section 143 (8) of the Act by branch auditors have been sent to us and have been properly dealt with by us in preparing this report.

- d. The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account and with the returns received from the company's overseas branch at United Arab Emirates audited by other auditors.
- e. In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under section 133 of the Companies Act, 2013, read with relevant rules *except noncompliance of provisions of para 42(b) of Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors, which requires disclosure of restated opening balances of assets, liabilities and equity for the earliest prior period presented which had not been made by the company in the Standalone Ind AS statement of assets and liabilities.*
- f. In our opinion, the matters described in the "*basis of Qualified Opinion*" and "*emphasis of matter*" paragraphs above may have an adverse impact on the functioning of the company.
- g. On the basis of written representations received from the directors as on March 31, 2018 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of Section 164 (2) of the Companies Act, 2013;
- h. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"; and
- i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (i) The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements - Refer note no. 34 to the standalone Ind AS financial statements.
 - (ii) The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the company.

ANNEXURE- B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(h) under the "Report on other legal and regulatory requirements" of our report of even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We were engaged to audit the Internal Financial Control over financial reporting of **SEL Manufacturing Company Limited** ("the Company") as of 31st March, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

statements for external purposes in accordance with generally accepted accounting principles. A company's Internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of Internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Disclaimer of Opinion

The system of internal financial controls over reporting with regard to the company were not made available to us to enable us to determine if the company has established adequate internal financial control over financial reporting and whether such internal financial controls operating effectively as on 31st March 2018.

Basis for Qualified Opinion

In our opinion and accord which came to our notice during the course of audit of standalone Ind AS financial statements indicates material weaknesses in the internal financial controls over financial reporting as at March 31, 2018.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on timely basis.

Qualified Opinion

In our opinion, the matters disclosed in above paragraphs under "Basis of Qualified Opinion" indicates material weaknesses in the internal financial controls over financial reporting.

We have considered the disclaimer of opinion as well as material weaknesses identified and reported in Qualified Opinion paragraph in determining the nature, timing, and extent of audit tests applied in our audit of the financial statements of the Company for the year ended March 31, 2018, and the disclaimer and material weaknesses do not affect our opinion on the financial statements of the Company

NOTES TO THE FINANCIAL STATEMENTS

1. Corporate Information

SEL Manufacturing Co. Limited (the Company) is a public company domiciled in India and is incorporated under the provisions of the Companies Act, applicable in India. Its shares are listed on the Bombay Stock Exchange and the National Stock Exchange. The Company is engaged in the manufacturing, processing & trading of yarns, fabrics, ready-made garments and towels. The registered office of the company is located at 274, G.T.Road, Dhandari Khurd, Ludhiana, Punjab.

2. Significant Accounting Policies

2.1 Basis of Preparation

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Effective April 1, 2016, the Company has adopted Ind AS in accordance with Ind AS 101 First time adoption of Indian Accounting Standards, with April 1, 2015 as the transition date. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP), which was the previous GAAP.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are presented in Indian Rupees ("INR") and all values are rounded to the nearest lakhs, except otherwise indicated.

2.2 Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

2.3 Revenue Recognition

Sale of goods

Revenue from sale of goods is recognised, when all significant risks and rewards are transferred to the buyer, as per the terms of the contracts and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. It also includes excise duty and price variations based on the contractual agreements and excludes value added tax/sales tax/goods & services tax. Revenue from export sales are recognized on shipment basis. It is measured at fair value of consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Dividend income

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

Lease income

Lease agreements where the risks and rewards incidental to the ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals are recognised on straight-line basis as per the terms of the agreements in the statement of profit and loss.

Interest income

Income from interest is recognized using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period,

where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Export Incentives

Revenue in respect of the eligible benefits is recognized on post export basis.

Sale of Services: Revenue from the sale of services is recognised on the basis of the stage of completion. When the contract outcome cannot be measured reliably, revenue is recognised only to the extent that the expenses incurred are eligible to be recovered.

2.4 Inventories

Inventories are valued at cost or net realizable value, whichever is lower except for waste which is valued at net realizable value. The cost in respect of the various items of inventory is computed as under:

- i) In respect of Raw Materials on FIFO basis.
- ii) In respect of Work in process and Finished Goods, at weighted average cost of raw material plus conversion cost & packing cost incurred to bring the goods to their present condition & location.
- iii) In respect of trading goods, on specific identification method.
- iv) In respect of Consumable Stores on weighted average basis.

The cost of inventories have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to their present location and condition. Slow and non-moving material, obsolesces, defective inventories are duly provided for and valued at net realizable value. Goods and materials in transit are valued at actual cost incurred up to the date of balance sheet. Materials and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.5 Foreign Currency Transactions

The functional currency of SEL Manufacturing Company Ltd. is an Indian rupee.

(a) Foreign Branch (Integral)

- (i) Fixed assets are translated at the rates on the date of purchase/acquisition of assets and inventories are translated at the rates that existed when costs were incurred.
- (ii) All foreign currency monetary items outstanding at the year-end are translated at the year-end exchange rates. Income and expenses are translated at average rates of exchange and depreciation is translated at the rates referred to in (a)(i) above for fixed assets.
The resulting exchange gains & losses are recognized in the statement of profit and loss.

(b) Other foreign currency transactions:

- (i) Transactions in foreign currency are accounted for at the exchange rate prevailing on the date of transaction except sales that are recorded at rate notified by the customs for invoice purposes. Such rate is notified in the last week of every month and is adopted for recording export sales of next month.
- (ii) Foreign currency monetary items are reported using the closing rate. Exchange differences arising on the settlement of monetary items or on reporting the same at balance sheet date are recognized as income or expenses in period in which they arise, except the exchange difference in case of fixed assets which have been adjusted to the cost of fixed assets.
- (iii) Foreign currency non monetary items, which are carried in terms of historical cost, re-stated at the rate of exchange prevailing at the year-end and the gain or loss is accumulated in a foreign exchange fluctuation reserve.

2.6 Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment losses, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by the management. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

The assets residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively if appropriate.

Depreciation on the property, plant and equipment is provided over the useful life of assets as specified in Schedule II to the Companies Act, 2013 except for the plant and equipment of spinning and terry towel units where useful life has been technically assessed as 30 years.

Property, plant and equipment which are added/ disposed off during the year, depreciation is provided on pro-rata basis with reference to the month of addition/deletion. The company depreciates property, plant and equipment over their estimated useful lives using the straight-line method.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in net profit or net loss in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

Leased Assets

Leasehold lands are amortized over the period of lease. Buildings constructed on leasehold land are depreciated based on the useful life specified in Schedule II to the Companies Act, 2013, where the lease period of land is beyond the life of the building.

2.7 Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over useful lives on a straight-line basis, from the date that they are available for use.

2.8 Borrowing Costs

Borrowing costs attributable to the acquisition or construction of qualifying assets are capitalized as part of such assets, up to the date when such assets are ready for intended use. Other borrowing costs are charged as expenditure in the year in which they are incurred. The capitalization of borrowing costs to be suspended during extended periods in which active developments will be interrupted.

2.9 Employee Benefits

(i) **Short term employee benefits:** All employee benefits payable wholly within twelve months for rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognized during the period in which the employee renders related service.

(ii) **Post Employment Benefits:**

(a) Defined Contribution Plans:

Provident Fund: Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered the service entitling them to the contribution. The Company contribution to Provident Fund is made in accordance with the provisions of the Employees Provident Fund and Miscellaneous Provision Act, 1952 and is charged to the profit and loss account.

(b) Defined Benefit Plans:

Gratuity: The Company provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan') covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method.

The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income. The effect of any plan amendments is recognized in net profit in the Statement of Profit and Loss.

(iii) **Long Term Employee Benefits:** The liability for leave with wages is recognised on the basis of actuarial valuation at the balance sheet date using projected unit credit method.

2.10 Taxes

Tax Expense comprises of current income tax, deferred tax and minimum alternate tax credit entitlement.

Current Tax:

Current Tax is determined as the amount of tax payable in respect of taxable income for the period after considering tax allowances & exemptions.

Deferred Tax:

Deferred tax is provided using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax Credit

Minimum Alternate Tax credit is recognised as tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specific period.

2.11 Impairment of Non Financial Assets

The carrying values of assets/cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased such reversal of impairment loss is recognised in the statement of profit and loss.

2.12 Cash and cash equivalents

Cash and cash equivalents in the statement of financial position include cash in hand and at bank and short term deposits with original maturity period of three months or less.

2.13 Provisions and Contingent Liabilities & Contingent Assets

Provisions

Provisions are recognized for liabilities that can be determined by using a substantial degree of estimation, if:

- (i) The company has a present obligation as a result of a past event;
- (ii) A probable outflow of resources embodying economic benefits is expected to settle the obligation; and
- (iii) The amount of the obligation can be reliably estimated.

Contingent Liabilities

Contingent liability is disclosed in the case of:

- (i) a present obligation arising from a past event when it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or
- (ii) a possible obligation, unless the probability of outflow of resources embodying economic benefits is remote.

Contingent Assets

A contingent asset is disclosed when possible asset that arises from past events and whose existence would be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

2.14 Earnings per share

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Company by the weighted average number of Ordinary shares outstanding during the year. Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of ordinary equity shares, for the effects of all dilutive potential Ordinary shares.

2.15 Basis of Incorporation of integral foreign operations Financial Statements of the Company's overseas branch in United Arab Emirates, audited by the branch auditors', have been duly incorporated.

2.16 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Assets acquired/given on leases where a significant portion of the risks and rewards of ownership are retained by less or are classified as operating leases. Lease rentals are charged/earned to the statement of profit and loss on straight line basis.

2.17 Financial Instruments:

(i) Financial assets:

Initial recognition and measurement.

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortized cost.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in two broad categories:

- Financial assets at fair value
- Financial assets at amortised cost

Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

A financial asset that meets the following two conditions is measured at amortized cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

- **Business model test:** The objective of the Company's business model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes).

- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

- **Business model test:** The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Even if an instrument meets the two requirements to be measured at amortized cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an "accounting

mismatch") that would otherwise arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases.

All other financial assets are measured at fair value through profit or loss.

Impairment of financial assets

The Company assesses impairment based on expected credit losses (ECL) model to the following:

- Financial assets measured at amortised cost;
- Financial assets measured at fair value through other comprehensive income (FVTOCI);
Expected credit losses are measured through a loss allowance at an amount equal to:
- The 12- months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
 - Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All other receivables

Under the simplified approach, the Company does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognize impairment loss allowance based on 12-months ECL.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increase in credit risk to be identified on a timely basis.

Investment in subsidiaries and associates

The Company has accounted for its investment in subsidiaries and associates at cost less impairment.

Other Investments

-Quoted Investments

All other quoted investments are measured at fair value through Other Comprehensive Income in the balance sheet.

-Unquoted Investments

All other unquoted investments are measured at fair value through Other Comprehensive Income in the balance sheet, except those investments which the company has chosen to measure at cost as per Ind AS 109 Financial Instruments Paragraph B5.2.3.

If an equity investment is not held for trading, an irrevocable election is made at initial recognition to measure it at fair value through other comprehensive income with only dividend income recognized in the statement of profit and loss.

Derecognition: A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement and either;
 - (a) the Company has transferred substantially all the risks and rewards of the asset, or
 - (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through

arrangement. It evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

(ii) Financial liabilities:

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and redeemable preference shares.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition and only if the criteria in Ind AS 109 are satisfied.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortization.

Derecognition: A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

2.18 Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.19 Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification

An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle

Operating cycle of the Company is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. As the Company's normal operating cycle is not clearly identifiable, it is assumed to be twelve months.

2.20 Exceptional Items:

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

2.21 Government Grants & Subsidies

Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received. When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate.

2.22 Segment Reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating officer (COO), in deciding how to allocate resources and assessing performance. The Company's chief operating officer is the Managing Director & CEO.

2.23 Cash flow statement

The cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS) - 7 "Statement of Cash flows" using the indirect method for operating activities.

3. Significant accounting judgments, estimates and assumptions

The preparation of financial statements in conformity with Ind AS requires management to make certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

The principal accounting policies adopted by the Company in the financial statements are as set out above. The application of a number of these policies requires the Company to use a variety of estimation techniques and apply judgment to best reflect the substance of underlying transactions.

The Company has determined that a number of its accounting policies can be considered significant, in terms of the management judgment that has been required to determine the various assumptions underpinning their application in the financial statements presented which, under different conditions, could lead to material differences in these statements. The actual results may differ from the judgments, estimates and assumptions made by the management and will seldom equal the estimated results.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgments

The following are significant management judgments in applying the accounting policies of the Company that have the most significant effect on the financial statements.

Deferred Tax Assets:

The assessment of the probability of future taxable income in which deferred tax assets can be utilized is based on the company's forecast, which is adjusted for significant non-taxable income and expenses, and specific limits to the use of any unused tax loss or credit. The tax rules in India in which the company operates are also carefully taken into consideration. If a positive forecast of taxable income indicates the probable use of a deferred tax asset, especially when it can be utilized without a time limit, that deferred tax asset is usually recognized in full. The recognition of deferred tax assets that are subject to certain legal or economic limits or uncertainties is assessed individually by management based on the specific facts and circumstances.

Contingencies and commitments: In the normal course of business, contingent liabilities may arise from litigations and other claims against the Company. Where the potential liabilities have a low probability of crystallizing or are very difficult to quantify reliably, we treat them as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, we do not expect them to have a materially adverse impact on our financial position.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Liability for sales return: In making judgment for liability for sales return, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 18 and in particular, whether the Company had transferred to the buyer the significant risk and rewards of ownership of the goods. Following the detailed quantification of the Company's liability towards sales return, the management is satisfied that significant risk and rewards have been transferred and that recognition of the revenue in the current year is appropriate, in

SEL Manufacturing Company Ltd.

conjunction with the recognition of an appropriate liability for sales return. Accruals for estimated product returns, which are based on historical experience of actual sales returns and adjustment on account of current market scenario is considered by Company to be reliable estimate of future sales returns.

Allowance/Impairment for uncollected accounts receivable and other advances: Trade receivables and other advances do not carry any interest and are stated at their normal value as reduced by appropriate allowance/impairment which is made on ECL, and the present value of the cash shortfall over the expected life of the financial assets.

34. Contingent Liabilities and Capital Commitments

A. There is contingent liabilities in respect of the following items: No outflow is expected in view of the past history relating to these items:

37. The Company followed an aggressive growth path and had considerably grown its balance sheet, including debt. Due to the industry situation in general viz. slowdown and company specific issues such as growing debt, delayed realization of debtors, working capital shortfall, delay in project completion and cash flow mismatch, which had adversely affected the liquidity position of the company, the company was facing financial problems and finding difficulty in servicing its debt obligation. Therefore, it approached the lenders for restructuring its debts under Corporate Debt Restructuring (CDR) mechanism.

The Company's proposal for restructuring of its debts was approved by Corporate Debt Restructuring Cell ("CDR Cell") vides Letter of Approval (LOA) dt. 30.06.2014. The cut-off date (COD) for implementation of CDR was 30th September, 2013. The Company executed Master Restructuring Agreement (MRA) with CDR Lenders on 24th September, 2014. The details of the Restructuring package as approved by CDR cell were as under:

- a) Restructuring of repayment schedule for term loans under Technology Upgradation Funds Scheme (TUFS) and Non-TUFS Term Loans, reduction in interest rates, additional facilities in the form of Working Capital Term Loan (WCTL) & Funded Interest Term Loan (FITL).
- b) The promoters to bring contribution equivalent to 25% of the sacrifice amount of by lenders. Accordingly, promoters have brought in an amount of Rs. 6,971 lakhs as 1% Redeemable, Non-Cumulative, Non-Convertible Preference Shares.
- c) Lenders with the approval of CDR EG shall have the right to recompense the reliefs/sacrifices/waivers extended by respective CDR lenders as per the CDR guidelines. The recompense payable is contingent on various factors including improved performance of the Company and many other conditions, the outcome of which is currently materially uncertain. Tentative recompense amount comes to Rs. 12,951 lakhs.

However, the credit facilities envisaged and sanctioned under CDR package were not released by the lenders to the Company, which resulted in sub-optimum utilization of manufacturing facilities. Due to non-disbursement of funds the Company could not complete one of its spinning projects where substantial amount was already incurred. All this has led to adverse financial performance and erosion in net worth of the Company. Also the company has been facing cash flow mismatch and is not able to serve debt obligations as per the terms of CDR package sanctioned earlier.

Since, the Company was finding it difficult to serve its debt obligations, the Company has requested its lenders for a second/deep restructuring of its debts. Considering the state of art manufacturing facilities of the Company, most modernized technology, skilled labor force, professional management and inherent viability of the Company, the lenders had in-principle agreed for second/deep restructuring of the debts. Pending discussions with the lenders, State Bank of India in its capacity as financial creditor has filed a petition on 12th October, 2017 under "Insolvency and Bankruptcy Code, 2016" (IBC) with Hon'ble National Company Law Tribunal, Chandigarh Bench (NCLT). On 11th April, 2018, the NCLT vide its order of even date admitted the said petition and Corporate Insolvency Resolution Process (CIRP) has been initiated. Mr. Navneet Kumar Gupta having Registration No. IBBI/IPA-001/IP-P00001/2016-17/10009 was appointed as Interim Resolution Professional (IRP) vide order dt. 25th April, 2018 and the affairs, business and assets are being managed by the Interim Resolution Professional (IRP). The Company has preferred an appeal against the admission of petition and appointment of IRP with National Company Law Appellate Tribunal (NCLAT).

The Corporate Insolvency Resolution Process (CIRP) has since been kept in abeyance vide order dt. 22nd June, 2018 of Hon'ble High Court of Punjab & Haryana. Accordingly, the Company has prepared these financial statements on the basis of going concern assumption.

Due to non disbursement of credit facilities the Company had suffered operational losses as well as capital losses. Therefore, the Company has presented before the Adjudicating Authority counter claim & claim of set off against the banks.

38. The majority of secured lenders have stopped charging interest on borrowings, since the accounts of the Company have been categorized as Non Performing Asset. Further the Corporate Insolvency Resolution Process has been initiated under "Insolvency and Bankruptcy Code, 2016" (as referred in Note No. 37 above). In view of the above, the Company has stopped providing interest accrued and unpaid effective 1st April, 2016 in its books. The amount of such accrued and unpaid interest, calculated according to the CDR term, not provided for is estimated at Rs. 54,084 lakhs (Previous Year Rs. 35,901 lakhs) for the year ended 31st March, 2018 and the same has not been considered for preparation of the financial statements for the year ended 31st March 2018. Due to non provision of the interest expense, net loss for the year ended 31st March, 2018 is reduced by Rs. 54,084 lakhs. Further the Financial Liability is reduced by Rs. 89,985 lakhs and correspondingly the equity is increased by the same amount.
39. The balances of Trade Receivables, Loan and Advances, Deposits and Trade Payables are subject to confirmation/reconciliation and subsequent adjustments, if any. During the year, e-mails/letters have been sent to various parties with a request to confirm their balances as on 31st March, 2018 out of which few parties have confirmed their balances directly to the auditors or to the company.
- 40. Exceptional Items of Rs. 132,495.53 lakhs for the year includes:**
 - a. During the year the Company has made an allowance for trade receivables under Expected credit losses (ECL) Method aggregating to Rs. 88093.33 lakhs in compliance of Ind AS 109 which is charged to Statement of Profit & Loss as an exceptional item. Though the company strongly believes that these trade receivables are fully recoverable.

- b. The Company has given capital and trade advances amounting to Rs. 3,583.87 lakhs to the suppliers that are outstanding for a long time. In view of reduction in activities, the materials and services could not be called from such suppliers. In compliance of Ind AS 36 impairment for capital and trade advances amounting to Rs. 3,583.87 lakhs which is charged to Statement of Profit & Loss as an exceptional item. Though the company strongly believes that these advances are fully recoverable/adjustable.
- c. Loss on sale of inventories, i.e. Raw Material, Work in Progress, Finished Goods, amounting Rs. 40710.65 lakhs had arisen due to sale of inventories identified as non-moving, slow moving, obsolete and damaged inventory during the year which was below the carrying values/cost of inventories resulting in an exceptional loss on sales.
41. There are no long term contracts, as on the date of balance sheet, including derivative contracts for which there are any material foreseeable losses.
42. The company had given financial guarantee to the extent of Rs 201,324 lakhs to the bankers of its subsidiary namely SEL Textiles Limited, to secure the credit facilities availed by it. The said financial guarantee amounting Rs. 201,324 lakhs (consisting of principal outstanding and interest thereon upto 31st March 2018 calculated as per terms of MRA with CDR lenders of subsidiary company) and has been duly recognised in financial statements as required by Ind AS 109. The said guarantee has been invoked by the bankers before initiation of Corporate Insolvency Resolution Process.
43. The company had recognized prior period errors in respect of measurement of unsecured loans and liability component of compound financial instrument in compliance with Ind AS 8. The said elements were measured at cost in previous year which is now measured at amortized cost and the same have been recasted in the financial statements.
44. **Segment Information:** Products and services from which reportable segments derive their revenues: In accordance with Ind AS 108 "Operating Segments", the chief operating officer (COO) of the Company reported that the company is engaged in the business of manufacturing & processing of textile products i.e. a single business and all business activities revolve around this segment.

52. Financial Risk Management

The Company's principal financial liabilities comprises of loans and borrowings, trade and other payables, and other current liabilities. The main purpose of these financial liabilities is to raise finance for the Company's operations. The Company has loans and receivables, trade and other receivables, and cash and short-term deposits that arise directly from its operations. The management of the company has set out the company's overall business strategies and its risk management policy. The Company's overall financial risk management program seeks to minimize potential adverse effects on the financial performance of the company. The company policies include financial risk management policies covering specific areas, such as market risk (including foreign exchange risk, interest risk, liquidity risk and credit risk). Periodic reviews are undertaken to ensure that the company's policy guidelines are complied with.

There has been no change to the company's exposure to the financial risks or the manner in which it manages and measures the risk. The company is exposed to the following risks related to financial instruments. The company has not framed formal risk management policies; however, the risks are monitored by management on a continuous basis. The company does not enter into or trade in financial instruments, investment in securities, including derivative financial instruments, for speculative or risk management purposes.

The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below:

- (a) **Market Risk:** Market risk is the risk that the fair values of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: interest rate risk, currency risk and other price risk, such as equity risk. Financial instruments affected by market risk include loans & borrowings and deposits. The sensitivity analyses in the following sections relate to the position as at 31 March 2018 and 31 March 2017.

The following assumption have been made in calculating the sensitivity analyses:

- i) The sensitivity of the statement of comprehensive income is the effect of the assumed changes in interest rates on the net interest income for one year, based on the average rate of borrowings held during the year ended 31 March 2018, all other variables being held constant. These changes are considered to be reasonably possible based on observation of current market conditions.

- (b) **Foreign Currency Risk Management:** The Company undertakes certain transactions denominated in foreign currencies. Hence, exposures to exchange rate fluctuations arise.

- (c) **Liquidity Risk Management:** The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Company has outstanding bank borrowings. The Company is passing through a phase of liquidity stress and there is a mismatch in cash flows. Due to this, the capacities of the Company are running at sub-optimal level. The Company is at an advanced stage of negotiations with the banks for restructuring of its debt which would correct the cash flow mismatch. The Company believes that post restructuring, the Company would be able to generate enough cash inflows to meet its working capital requirements in the medium and long run.

The company manages liquidity risk by maintaining adequate reserves, continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

- (d) **Credit Risk Management:** Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the company. Credit risk has always been managed by the company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the company uses expected credit loss model to assess the impairment loss or gain. The Company has exposure to credit risk from trade receivable balances on sale of Readymade Garments, Towel and Yarns. The Company has entered into short-term agreements with companies incorporated in overseas to sell the Readymade Garments, Towel and Yarns. Therefore the Company is committed, in the short term, to sell Readymade Garments, Towel and Yarns to these customers and the potential risk of default is considered low. For other customers, the Company ensures concentration of credit does not significantly impair the financial assets since the customers to whom the exposure of credit is taken are well established and reputed industries engaged in their respective field of business. The creditworthiness of customers to which the Company grants credit in the normal course of the business is monitored regularly.

- (e) **Capital Risk Management:** The Company's objectives when managing capital is to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. The director's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business.

No Changes were made in the objectives, policies or processes during the years ended 31st March 2018 and 31st March 2017.

c.	Frequency of qualification: Whether appeared first time/ repetitive/since how long continuing	Second Time
d.	For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:	The Majority of Lenders have stopped charging interest on debts, since the dues from the Company have been categorized as Non Performing Asset. Further the Corporate Insolvency Resolution Process has been initiated under "Insolvency and Bankruptcy Code, 2016". In view of the above, the Company has stopped providing interest accrued and unpaid effective 1st April, 2016 in its books. The amount of such accrued and unpaid interest, calculated according to the CDR term, not provided for is estimated at Rs. 54,084 lakhs (Previous Year Rs. 35,901 lakhs) for the year ended 31st March, 2018 and the same has not been considered for preparation of the financial statements for the year ended 31st March 2018. Due to non provision of the interest expense, net loss for the year ended 31st March, 2018 is reduced by Rs. 54,084 lakhs. Further the Financial Liability is reduced by Rs. 89,985 lakhs and correspondingly the equity is increased by the same amount.
e.	For Audit Qualification(s) where the impact is not quantified by the auditor:	--N.A.--

II. Audit Qualification (each audit qualification separately)		
a.	Details of Audit Qualification	Results includes interest subsidy receivable amounting to Rs.26,621 Lakhs which consists of interest subsidy (i) under TUFS from Ministry of Textiles and (ii) Subsidy under Textile Policy of Government of Madhya Pradesh for the Financial years 2013-14 to 2016-17 for which no confirmation was available. The company has not provided for any allowance under ECL there against.

d.	For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:	--N.A.--
e.	For Audit Qualification(s) where the impact is not quantified by the auditor:	
	(I) Management's estimation on the impact of audit qualification:	The Subsidies are to be released by Ministry of Textiles and Madhya Pradesh Government and the Company is hopeful of receiving the same in full. Since, the subsidies are not related to current year, the same does not have any impact on current year's profits/losses of the Company. However the reserves & surplus & current assets are overstated to the extent.
	(ii) If management is unable to estimate the impact, reasons for the same:	--N.A.--
	(iii) Auditors' Comments on (i) or (ii) above:	No confirmation to justify the release of subsidy by Ministry of Textiles and Madhya Pradesh Government. Moreover no Allowance under Expected credit loss has been provided under IndAS 109, Financial Instruments being long overdue.

II. Audit Qualification (each audit qualification separately)		
a.	Details of Audit Qualification	The company has not provided to us for our review any working regarding impairment testing being conducted to assess recoverable amount of Capital work in progress of Rs 16986 lakhs outstanding as at 31st March 2018.
b.	Type of Audit Qualification: Qualified Opinion/Disclaimer of Opinion/Adverse Opinion	Qualified Opinion
c.	Frequency of qualification: Whether appeared first time/ repetitive/since howlong continuing	First Time
d.	For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:	--N.A.--
e.	For Audit Qualification(s) where the impact is not quantified by the auditor:	
	(I) Management's estimation on the impact of audit qualification:	--N.A.--
	(ii) If management is unable to estimate the impact, reasons for the same:	The Company was implementing a Spinning project which got stuck due to non-disbursement of credit facilities by the Banks. However, post Corporate Insolvency Resolution Process (CIRP) the Company expects that the project would be completed. Therefore, impairment testing was not conducted.
	(iii) Auditors' Comments on (i) or (ii) above:	We are unable to comment on whether the company needs to make a provision in respect of impairment losses on above as required under IndAS 36.

II. Audit Qualification (each audit qualification separately)

a.	Details of Audit Qualification	The Company written down the inventories of Raw materials, Work in Progress & Finished Goods identified as non-moving, slow moving, obsolete and damaged inventory to net realizable value by Rs 40710 lakhs for which the company has not provided to us any technical market/commercial evaluation for the same to justify its reasonableness.
b.	Type of Audit Qualification: Qualified Opinion/ Disclaimer of Opinion/Adverse Opinion	Qualified Opinion
c.	Frequency of qualification: Whether appeared first time/ repetitive/since howlong continuing	First Time
d.	For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:	--N.A.--
e.	For Audit Qualification(s) where the impact is not quantified by the auditor:	
	(I) Management's estimation on the impact of audit qualification:	--N.A.--
	(ii) If management is unable to estimate the impact, reasons for the same:	Due to the liquidity stress, which the Company was facing from last five years, the Company has not been able to manufacture products as per requirements of the buyers or as per market demand. It has been manufacturing products to keep its production capacities working and as per availability of raw material. The Company has been procuring raw material from the sources where credit is available. All this had resulted in build-up of obsolete stock and slow moving stock which has been now written down to net realizable value.
	(iii) Auditors' Comments on (i) or (ii) above:	Being a technical matter we are unable to comment on the loss recognized by the company due to write down of inventories to net realizable value

II. Audit Qualification (each audit qualification separately)

a.	Details of Audit Qualification	In Statement of Assets and Liabilities, Borrowings(Non Current), Short Term Borrowings and other Financial Liabilities (Current) contains secured loans from banks. There is shortfall in the carrying value of the security against the secured loans consequently the loans are not fully secure.
b.	Type of Audit Qualification: Qualified Opinion/Disclaimer of Opinion/Adverse Opinion	Qualified Opinion
c.	Frequency of qualification: Whether appeared first time/ repetitive/since howlong continuing	First Time
d.	For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:	--N.A.--
e.	For Audit Qualification(s) where the impact is not quantified by the auditor:	
	(I) Management's estimation on the impact of audit qualification:	--N.A.--
	(ii) If management is unable to estimate the impact, reasons for the same:	The carrying value of the security has reduced due to writing down of inventories, impairment of advances, trade receivables etc. Further, inclusion of Corporate Guarantee in financial statement has increased the borrowings without corresponding increase in security value.
	(iii) Auditors' Comments on (i) or (ii) above:	Management comments are self explanatory, the disclosure of bank borrowings classification between secured and unsecured not given in financial statements.

INDEPENDENT AUDITORS' REPORT

To the Members of SEL Manufacturing Company Limited Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of SEL Manufacturing Company Limited (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company) and its subsidiaries (together referred to as "the Group"), comprising of the Consolidated Balance Sheet as at 31st March, 2018, Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with the relevant rules issued there under. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

The Hon'ble National Company Law Tribunal, Chandigarh ("NCLT") on April 11th, 2018 admitted the Corporate Insolvency Resolution Process ("CIRP") application filed against the holding company and appointed Mr. Navneet Kumar Gupta having IP Registration No. IBBI/IPA-001/IP-P00001/2016-17/10009 as Interim Resolution Professional ("IRP") in terms of the Insolvency and Bankruptcy Code, 2016 ("Code") vide order dated 25th April 2018 to manage the affairs, business and assets of the company. The company has preferred an appeal against the admission of petition and appointment of IRP with National Company Law Appellate Tribunal (NCLAT). The CIRP has since been kept in abeyance vide order date 22nd June, 2018 of Hon'ble High Court of Punjab & Haryana. In view of the abovesaid order of Hon'ble High Court of Punjab & Haryana, the powers and responsibilities to manage the affairs, business and assets of the company is vested with the Board of Directors of the company.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Basis for Qualified Opinion

We refer to:

(1) *Note No. 39 to the consolidated Ind AS financial statements in respect of non provision of interest on borrowings from banks (classified as NPA) of holding and one of its subsidiary amounting Rs.75743 lakhs & Rs 51785 lakhs (amount calculated after considering the rates and terms and conditions stipulated originally as per CDR package) for the year ended 31st March, 2018 & 31st March 2017 respectively. The same is not in compliance with the requirements of para 27 of the Ind AS 1-Presentation of Financial Statements w.r.t. preparation of financial statements on accrual basis. Consequently, borrowings are not reflected at fair value in financial statements as required by Ind AS 109, Financial Instruments.*

(2) *Note no. 14 (Other Financial Assets) to the consolidated Ind AS financial statements includes interest subsidy receivable amounting to Rs.32952 Lakhs which consists of interest subsidy (i) under TUFs from Ministry of Textiles and (ii) Subsidy under Textile Policy of Government of Madhya Pradesh for the Financial years 2013-14 to 2016-17 for which no confirmation was available. The group has not provided for any allowance there against.*

(3) *The group has not provided to us for our review any working regarding impairment testing conducted to assess recoverable amount of Capital work in progress of Rs 55923 lakhs outstanding as at 31st March 2018. We are unable to comment on whether the company needs to make a provision in respect of impairment losses on above as required under Ind AS 36 - Impairment of Assets.*

(4) *Note no. 41(iii), to the consolidated Ind AS financial statements in relating to write down of inventories of Raw materials, Work in Progress, Finished Goods identified as non-moving, slow moving, obsolete and damaged inventory to net realizable value by Rs 47602 lakhs for which the group has not provided to us any technical market/commercial evaluation for the same to justify its reasonableness. Being a technical matter we are unable to comment on the loss recognized by the group due to write down of inventories to net realizable value.*

(5) *Note no. 19,21 and note 23 the Consolidated Ind AS financial*

statements in respect of Borrowings (Non Current), Short Term Borrowings and other Financial Liabilities (Current) contains secured loans from banks. There is shortfall in the carrying value of the security against the secured loans consequently the loans are not fully secured.

We further report that, had the impact of our observations made in para 1 of Basis for Qualified Opinion paragraph been considered, the net loss for the year ended 31st March, 2018 would have been increased by Rs. 75743 lakhs and the borrowings for the year ended 31st March 2018 and 31st March 2017 would have been increased by Rs. 127529 lakhs & 51785 lakhs and Equity would have been reduced by the same amount for the years ended 31.3.2018 and 31.3.2017 respectively. The financial impact of matters stated in paragraphs 2,3,4&5 of the Basis for Qualified Opinion paragraph can't be measured reliably.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries referred to below in the Other Matters paragraph, *except for the effects of the matters described in the above para of "Basis for Qualified Opinion"* of our report, the aforesaid Consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the group as at March 31, 2018 and its loss, its cash flows and the changes in equity for the year ended on that date.

Material Uncertainty Related to Going Concern

Note no. 37 of the Consolidated Ind AS financial statements, stating thereto that the terms and conditions of the CDR package sanctioned to holding company and one of its subsidiary namely SEL Textiles Limited w.r.t. interest and principal repayment were not complied with. Consequently, State Bank of India, in its capacity as financial creditor had filed a petition under Insolvency and Bankruptcy Code, 2016 (IBC) against the holding company with Hon'ble National Company Law Tribunal, Chandigarh Bench (NCLT) which was admitted on 11th April 2018 and Corporate Insolvency Resolution Process (CIRP) has been initiated in terms of IBC. The holding company has preferred an appeal against the admission of petition and appointment of IRP with NCLAT. The CIRP has since been kept in abeyance vide order dated 22.06.2018 of Hon'ble High Court of Punjab and Haryana. The group has incurred net loss of Rs.250591 lakhs resulting into accumulated losses of Rs. 271813 lakhs leading to erosion of entire net worth and current liabilities have exceeded the current assets of the group and, Further concerning the group's ability to realize the value of inventories, trade receivables and other financial assets, meet its contractual/ financial obligations w.r.t. repayment of overdue principal and accrued interest on secured borrowings, arranging working capital for ensuring normal operations, further investments required towards ongoing projects under construction and the Corporate guarantee given by the holding company on the behalf its subsidiary namely SEL Textiles Limited. Moreover the group has derecognized Deferred Tax assets and MAT credit since availability of future taxable income is not certain. Due to financial constraints, the company has started job work operations in major spinning plants instead of pursuing its own manufacturing activities since November 2017. These conditions indicate the existence of a material uncertainty that may cast significant doubt on the group's ability to continue as going concern and therefore group may be unable to realize its assets and discharge its liabilities in the normal course of business..

Emphasis of Matter

We draw attention to the following matters:

(1) Note no. 38(c) of the consolidated Ind AS financial statements in respect of Contingency related to 'compensation payable in lieu of bank sacrifice,' the outcome of which is materially uncertain and cannot be determined currently.

(2) Note No. 35 A (iii) of the consolidated Ind AS financial statements in respect of contingency related to export incentives obligation refundable amounting Rs. 4921 lakhs in respect of Allowance for foreign trade receivables, which is further subject to interest and penalties, the amount of such obligation cannot be determined currently.

(3) Note No. 35 A (ii) of the consolidated Ind AS financial statements in respect of contingency related to Income Tax demands raised by the Income Tax Authorities amounting Rs. 27854 Lakhs in respect of holding company for various matters, which is further subject to interest and penalties, the amount of such obligation cannot be cannot be determined with sufficient reliability.

(4) Note no. 40, to the consolidated Ind AS financial statements regarding the balance confirmations of Trade Receivables, Capital/Trade Advances & Trade Payables. During the course of preparation of Standalone Ind AS financial statements, e-mails/letters have been sent to various parties by the company with a request to confirm their balances as on 31st March, 2018 out of which few parties have confirmed their balances direct to us or to the respective companies.

(5) As reported vide note 41(i) to the consolidated Ind AS financial statements, the group has provided for allowance of Rs. 108952 lakhs in respect of Trade Receivables due to change in probability factor in estimating Expected credit losses (under ECL Model) as reported in para 4 to the financial statements. Further, Note No. 41(b) to the Standalone Ind AS financial statements, the group has provided for impairment loss of Rs. 12326 Lakhs in respect of long outstanding Capital/Trade Advances given to suppliers.

(6) Note No. 35(B), to the consolidated Ind AS financial statements in respect of Capital Commitments contains uncertainty regarding contracts yet to be executed, escalation costs and other additions to the reported figures, if any. Being a technical matter, we are unable to comment on the total contingent capital commitment figure reported as the same cannot be cannot be measured with sufficient reliability.

Our opinion is not modified in respect of the matters reported in paragraph (1) to (6) of Emphasis of matters.

Other Matters

We did not audit the Ind As financial statements/financial information of two subsidiaries, whose Ind AS financial statements/ financial information reflect total assets (net) of Rs. 4653 lakhs as at March 31, 2018, total revenue of Rs. 85 lakhs, total comprehensive income of Rs (615) lakhs and net cash outflows amounting to Rs. 4.68 lakhs, for the year ended on 31st March, 2018, as considered in the consolidated Ind AS financial statements. These Ind AS financial statements/ financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated IND AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

We have relied on the unaudited financial statements of subsidiary wherein total assets (net) of Rs. 54.80 lakhs as at March 31, 2018. The group's share of loss aggregate to Rs. 11.62 lakhs for the year ended.

These unaudited financial statements as approved by the respective management of the subsidiary have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, insofar as it relate to the aforesaid subsidiaries are based solely on such approved unaudited financial statements.

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors as well as our reliance on such approved unaudited financial statements.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.
 - d. *In our opinion, the matters described in the "Basis of Qualified Opinion" and "Emphasis of Matter" paragraphs above may have an adverse impact on the functioning of the group.*
 - e. In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards specified under section 133 of the Companies Act, 2013, read with relevant rules *except non compliance of provisions of para 42(b) of Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors, which requires disclosure of restated opening balances of assets, liabilities and equity for the earliest prior period presented which had not been*

made by the company in the Standalone Ind AS financial statements.

- f. SEL Manufacturing Company Ltd.

Annexure - A to the Independent Auditors' Report (Referred to in paragraph (g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Independent Auditor's report on the Internal Financial control over Financial Reporting under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ('the Act').

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31st March 2018 we have audited the Internal financial controls over financial reporting of SEL Manufacturing Company Limited (Hereinafter referred to as "parent" and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountant of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to the company's policies, the safeguarding of the its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's Internal financial controls over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the respective company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and

expenditures of the company are being made only in accordance with authorizations of management and directors of the respective company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of Internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Disclaimer of Opinion

The system of internal financial controls over reporting with regard to the company were not made available to us to enable us to determine if the company has established adequate internal financial control over financial reporting and whether such internal financial controls operating effectively as on 31st March 2018.

Qualified Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent, its subsidiary companies which are companies incorporated in India, in respect of the matters disclosed in paragraphs under "Basis of Qualified Opinion" and "Emphasis of Matter" of our main Independent Auditor's Report which came to our notice during the course of audit of standalone Ind AS financial statements indicates material weaknesses in the internal financial controls over financial reporting as at March 31, 2018.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on timely basis.

Others Matters

Our aforesaid report under Section 143(3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to two subsidiary companies, Which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matters.

We have considered the disclaimer of opinion as well as material weaknesses identified and reported in Qualified Opinion paragraph in determining the nature, timing, and extent of audit tests applied in our audit of the financial statements of the Company for the year ended March 31, 2018, and the disclaimer and material weaknesses do not affect our opinion on the financial statements of the Company.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Corporate Information

SEL Manufacturing Co. Limited (the Company) is a public company domiciled in India and is incorporated under the provisions of the Companies Act, applicable in India. Its shares are listed on the Bombay Stock Exchange and the National Stock Exchange. The Company and its subsidiaries (hereinafter referred to as the "Group") are engaged in the manufacturing, processing & trading of yarns, fabrics, readymade garments, towels and aviation sector. The registered office of the company is located at 274, G. T. Road, Dhandari Khurd, Ludhiana, Punjab.

2. Basis of Preparation

These consolidated financial statements of the group are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Effective April 1, 2016, the Group has adopted Ind AS in accordance with Ind AS 101 First time adoption of Indian Accounting Standards, with April 1, 2015 as the transition date. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP), which was the previous GAAP.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are presented in Indian Rupees ("INR") and all values are rounded to the nearest lakhs, except otherwise indicated.

3. Significant Accounting Policies

3.1 Principles of Consolidation

The consolidated financial statements relate to SEL Manufacturing Company Limited ('the company') and its subsidiary companies/firms.

In preparing consolidated financial statements, the financial statements of the parent company and its subsidiaries are combined on line-by-line basis by adding together the items of assets, liabilities, income and expenses. The inter group balances and transactions and unrealized profits and losses are fully eliminated.

The acquisition method of accounting is used to account for business combinations by the Group.

The financial statements of the Parent and its subsidiaries except a subsidiary firm have been consolidated using uniform accounting policies for like transactions and other events in similar circumstances. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

The financial statements of the subsidiaries used in the consolidation are drawn upto the same reporting date as that of the Parent i.e. year ended March 31, 2018.

Non Controlling Interest's in net profit of consolidated financial statements, for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the group.

Non Controlling Interest's in the net assets of the consolidated subsidiaries is identified and presented in the consolidated balance sheet separate from liabilities and equity of the Group's shareholders.

The difference between the cost of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries is recognized in the financial statements as Goodwill or Capital Reserve as the case may be.

3.2 Use of estimates

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements. Accounting estimates could change from

period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements.

3.3 Revenue Recognition

Sale of goods

Revenue from sale of goods is recognised, when all significant risks and rewards are transferred to the buyer, as per the terms of the contracts and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. It also includes excise duty and price variations based on the contractual agreements and excludes value added tax/sales tax/goods & services tax. Revenue from export sales are recognized on shipment basis. It is measured at fair value of consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Dividend income

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

Lease income

Lease agreements where the risks and rewards incidental to the ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals are recognised on straight-line basis as per the terms of the agreements in the statement of profit and loss.

Interest income

Income from interest is recognized using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Export Incentives

Revenue in respect of the eligible benefits is recognized on post export basis.

Sale of Services

Revenue from the sale of services is recognised on the basis of the stage of completion. When the contract outcome cannot be measured reliably, revenue is recognised only to the extent that the expenses incurred are eligible to be recovered.

3.4 Inventories

Inventories are valued at cost or net realizable value, whichever is lower except for waste which is valued at net realizable value. The cost in respect of the various items of inventory is computed as under:

- i) In respect of Raw Materials on FIFO basis.
- ii) In respect of Work in process and Finished Goods, at weighted average cost of raw material plus conversion cost & packing cost incurred to bring the goods to their present condition & location.
- iii) In respect of trading goods, on specific identification method.
- iv) In respect of Consumable Stores on weighted average basis.

The cost of inventories have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to their present location and condition. Slow and non-moving material, obsolesces, defective inventories are duly provided for and valued at net realizable value. Goods and materials in transit are valued at actual cost incurred up to the date of balance sheet. Materials and supplies held for use in the

production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

3.5 Foreign Currency Transactions

The functional currency of the group is an Indian rupee.

(a) Foreign Branch & Subsidiary (Integral)

(i) Fixed assets are translated at the rates on the date of purchase/acquisition of assets and Inventories are translated at the rates that existed when costs were incurred.

(ii) All foreign currency monetary items outstanding at the year-end are translated at the year-end exchange rates. Income and expenses are translated at average rates of exchange and depreciation is translated at the rates referred to in (a) (i) above for fixed assets.

The resulting exchange gains & losses are recognized in the profit and loss account.

(b) Other foreign currency transactions:

(i) Transactions in foreign currency are accounted for at the exchange rate prevailing on the date of transaction except sales that are recorded at rate notified by the customs for invoice purposes. Such rate is notified in the last week of every month and is adopted for recording export sales of next month.

(ii) Foreign currency monetary items are reported using the closing rate. Exchange differences arising on the settlement of monetary items or on reporting the same at balance sheet date are recognized as income or expenses in period in which they arise, except the exchange difference in case of fixed assets which have been adjusted to the cost of fixed assets.

(iii) Foreign currency non monetary items, which are carried in terms of historical cost, re-stated at the rate of exchange prevailing at the year-end and the gain or loss, is accumulated in a foreign exchange fluctuation reserve.

3.6 Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment losses, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by the management. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

The assets residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively if appropriate.

Depreciation on the property, plant and equipment is provided over the useful life of assets as specified in Schedule II to the Companies Act, 2013 except for the plant and equipment of spinning and terry towel units where useful life has been technically assessed as 30 years.

Property, plant and equipment which are added/ disposed off during the year, depreciation is provided on pro-rata basis with reference to the month of addition/deletion. The Group depreciates property, plant and equipment over their estimated useful lives using the straight-line method.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in net profit or net loss in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

Leased assets

Leasehold lands are amortized over the period of lease. Buildings constructed on leasehold land are depreciated based on the useful life specified in Schedule II to the Companies Act, 2013, where the lease period of land is beyond the life of the building.

3.7 Goodwill and Intangible assets

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over useful lives on a straight-line basis, from the date that they are available for use.

3.8 Borrowing Costs

Borrowing costs attributable to the acquisition or construction of qualifying assets are capitalized as part of such assets, up to the date when such assets are ready for intended use. Other borrowing costs are charged as expenditure in the year in which they are incurred. The capitalization of borrowing costs to be suspended during extended periods in which active developments will be interrupted.

3.9 Employee Benefits

(i) Short term employee benefits: All employee benefits payable wholly within twelve months for rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognised during the period in which the employee renders related service.

(ii) Post Employment Benefits:

(a) Defined Contribution Plans:

Provident Fund: Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered the service entitling them to the contribution

The Group contribution to Provident Fund is made in accordance with the provisions of the Employees Provident Fund and Miscellaneous Provision Act, 1952 and is charged to the profit and loss account.

(b) Defined Benefit Plans:

Gratuity: The Group provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan') covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Group. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method.

The Group recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income. The effect of any plan amendments is recognized in net profit in the Statement of Profit and Loss.

(iii) Long Term Employee Benefits : The liability for leave with wages is recognised on the basis of actuarial valuation at the balance sheet date using projected unit credit method.

3.10 Taxes

Tax Expense comprises of current income tax , deferred tax and Minimum Alternate Tax Credit Entitlement.

Current Tax:

Current Tax is determined as the amount of tax payable in respect of taxable income for the period after considering tax allowances & exemptions.

Deferred Tax:

Deferred tax is provided using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be

utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax Credit

Minimum Alternate Tax credit is recognised as tax asset only when and to the extent there is convincing evidence that the Group will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Group will pay normal income tax during the specific period.

3.11 Impairment of Non Financial Assets

The carrying values of assets/cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased such reversal of impairment loss is recognised in the statement of profit and loss.

3.12 Cash and cash equivalents

Cash and cash equivalents in the statement of financial position include cash in hand and at bank and short-term deposits with original maturity period of three months or less

3.13 Provisions and Contingent Liabilities & Contingent Assets

Provisions

Provisions are recognized for liabilities that can be determined by using a substantial degree of estimation, if:

- (i) The Group has a present obligation as a result of a past event;
- (ii) A probable outflow of resources embodying economic benefits is expected to settle the obligation; and
- (iii) The amount of the obligation can be reliably estimated

Contingent Liabilities

Contingent liability is disclosed in the case of:

- (i) a present obligation arising from a past event when it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or
- (ii) a possible obligation, unless the probability of outflow of resources embodying economic benefits is remote.

Contingent Assets

A Contingent asset is disclosed when possible asset that arises from past events and whose existence would be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

3.14 Earnings per share

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Group by the weighted average number of Ordinary shares outstanding during the year. Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of ordinary equity shares, for the effects of all dilutive potential Ordinary shares.

3.15 Basis of Incorporation of integral foreign operations

Financial Statements of the Company's overseas branch in United Arab Emirates, audited by the branch auditors', have been duly incorporated.

3.16 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Assets acquired/given on leases where a significant portion of the risks and rewards of ownership are retained by less or are classified as operating leases. Lease rentals are charged/earned to the statement of profit and loss on straight line basis.

3.17 Financial instruments:

(i) Financial assets:

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortized cost.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in two broad categories:

-Financial assets at fair value

-Financial assets at amortized cost

Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

A financial asset that meets the following two conditions is measured at amortized cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

-Business model test: The objective of the Group's business model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes).

-Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

-Business model test: The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

-Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an "accounting mismatch") that would otherwise arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases.

All other financial asset is measured at fair value through profit or loss.

Impairment of financial assets

The Group assesses impairment based on expected credit losses (ECL) model to the following:

- Financial assets measured at amortised cost;

- Financial assets measured at fair value through other comprehensive income (FVTOCI);

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12- months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All other receivables

Under the simplified approach, the Group does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The Group uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Group reverts to recognize impairment loss allowance based on 12-months ECL.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increase in credit risk to be identified on a timely basis.

Other Investments

-Quoted Investments

All other quoted investments are measured at fair value through Other Comprehensive Income in the balance sheet.

-Unquoted Investments

All other unquoted investments are measured at fair value through Other Comprehensive Income in the balance sheet, except those investments which the Group has chosen to measure at cost as per Ind AS 109 Financial Instruments Paragraph B5.2.3.

If an equity investment is not held for trading, an irrevocable election is made at initial recognition to measure it at fair value through other comprehensive income with only dividend income recognised in the statement of profit and loss.

Derecognition: A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Group's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement and either;
(a) the Group has transferred substantially all the risks and rewards of the asset, or
(b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement. It evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

(ii) Financial liabilities:

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and redeemable preference shares.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition and only if the criteria in Ind AS 109 are satisfied.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognized as well as through the EIR amortization process

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the Derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

3.18 Fair value measurement

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized

within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

3.19 Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification. An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle

Operating cycle of the Group is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. As the Group's normal operating cycle is not clearly identifiable, it is assumed to be twelve months.

3.20 Exceptional Items:

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Group is such that its disclosure improves the understanding of the performance of the Group, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

3.21 Government Grants & Subsidies

Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the Group will comply with the conditions attached to them, and (ii) the grant/subsidy will be received. When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate.

3.22 Segment Reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating officer (COO), in deciding how to allocate resources and assessing performance. The Group's chief operating officer (COO) is the Managing Director & CEO.

3.23 Cash flow statement

The cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS) - 7 "Statement of Cash flows" using the indirect method for operating activities.

4. Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with Ind AS requires management to make certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

The principal accounting policies adopted by the Company in the financial statements are as set out above. The application of a number of these policies requires the Company to use a variety of estimation techniques and apply judgment to best reflect the substance of underlying transactions.

The Company has determined that a number of its accounting policies can be considered significant, in terms of the management judgment that has been required to determine the various assumptions underpinning their application in the financial statements presented which, under different conditions, could lead to material differences in these statements. The actual results may differ from the judgments, estimates and assumptions made by the management and will seldom equal the estimated results.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgements

The following are significant management judgements in applying the accounting policies of the Group that have the most significant effect on the financial statements.

Deferred Tax Assets

The assessment of the probability of future taxable income in which deferred tax assets can be utilized is based on the Group's forecast, which is adjusted for significant non-taxable income and expenses, and specific limits to the use of any unused tax loss or credit. The tax rules in India in which the Group operates are also carefully taken into consideration. If a positive forecast of taxable income indicates the probable use of a deferred tax asset, especially when it can be utilized without a time limit, that deferred tax asset is usually recognised in full. The recognition of deferred tax assets that are subject to certain legal or economic limits or uncertainties is assessed individually by management based on the specific facts and circumstances.

Contingences and commitments

In the normal course of business, contingent liabilities may arise from litigations and other claims against the Company. Where the potential liabilities have a low probability of crystallizing or are very difficult to quantify reliably, we treat them as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, we do not expect them to have a materially adverse impact on our financial position.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Liability for sales return: In making judgment for liability for sales return, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 18 and in particular, whether the Company had transferred to the buyer the significant risk and rewards of ownership of the goods. Following the detailed quantification of the Company's liability towards sales return, the management is satisfied that significant

risk and rewards have been transferred and that recognition of the revenue in the current year is appropriate, in conjunction with the recognition of an appropriate liability for sales return. Accruals for estimated product returns, which are based on historical experience of actual sales returns and adjustment on account of current market scenario is considered by Company to be reliable estimate of future sales returns.

Allowance/Impairment for uncollected accounts receivable and other advances: Trade receivables and other advances do not carry any interest and are stated at their normal value as reduced by appropriate allowance/impairment which is made on ECL, and the present value of the cash shortfall over the expected life of the financial assets.

38. The Holding company and one of its subsidiary (collectively referred to as borrowers's), submitted proposal for restructuring of its debts was approved by Corporate Debt Restructuring Cell ("CDR Cell") vide Letter of Approval (LOA) dt. 30.06.2014. The cut-off date (COD) for implementation of CDR was 30th September, 2013. The borrower's executed Master Restructuring Agreement (MRA) with CDR Lenders in September, 2014. The details of the Restructuring package as approved by CDR cell were as under:

- Restructuring of repayment schedule for term loans under Technology Upgradation Funds Scheme (TUFS) and Non-TUFS Term Loans, reduction in interest rates, additional facilities in the form of Working Capital Term Loan (WCTL) & Funded Interest Term Loan (FITL).
- The promoters to bring contribution equivalent to 25% of the sacrifice amount of by lenders. Accordingly, promoters have brought in an amount of Rs. 10,182 lakhs as 1% Redeemable, Non-Cumulative, Non-Convertible Preference Shares and unsecured loans.
- Lenders with the approval of CDR EG shall have the right to recompense the reliefs/sacrifices/waivers extended by respective CDR lenders as per the CDR guidelines. The recompense payable is contingent on various factors including improved

performance of the Company and many other conditions, the outcome of which is currently materially uncertain. Tentative recompense amount comes to Rs. 19,834 lakhs.

However, the credit facilities envisaged and sanctioned under CDR package were not released by the lenders to the respective companies, which resulted in sub-optimum utilization of manufacturing facilities. Due to non-disbursement of funds the respective companies could not complete their spinning projects where substantial amount were already incurred. All this has led to adverse financial performance and erosion in net worth of the respective companies. Also the said companies are facing cash flow mismatch and are not able to serve debt obligations as per the terms of CDR package sanctioned earlier.

Since, the Holding company and one of its subsidiary company were finding it difficult to serve its debt obligations, they have requested their lenders for a second/deep restructuring of its debts. Considering the state of art manufacturing facilities of the Group, most modernized technology, skilled labour force, professional management and inherent viability of the said Companies, the lenders have in-principle agreed for second/deep restructuring of the debts.

Pending discussions with the lenders of holding company, State Bank of India in its capacity as financial creditor has filed a petition on 12th October, 2017 under "Insolvency and Bankruptcy Code, 2016" (IBC) with Hon'ble National Company Law Tribunal, Chandigarh Bench (NCLT) On 11th April, 2018, the NCLT vide its order of even date admitted the said petition and Corporate Insolvency Resolution Process (CIRP) has been initiated. Mr. Navneet Kumar Gupta having Registration No. IBBI/IPA-001/IP-P00001/2016-17/10009 was appointed as Interim Resolution Professional (IRP) vide order dt. 25th April, 2018 and the affairs, business and assets are being managed by the Interim Resolution Professional (IRP). The holding Company has preferred an appeal against the admission of petition and appointment of IRP with National Company Law Appellate Tribunal (NCLAT)

The Corporate Insolvency Resolution Process (CIRP) has since been kept in abeyance vide order dt. 22nd June, 2018 of Hon'ble High Court of Punjab & Haryana. The group has prepared these financial statements on the basis of going concern assumption.

Due to non disbursement of credit facilities the Group had suffered operational losses as well as capital losses. Therefore, the Holding company and one of its subsidiary has presented before the Adjudicating Authority counter claim & claim of set off against the banks.

39. The majority of secured lenders have stopped charging interest on debts, since the dues from the Holding Company & one of its subsidiary have been categorized as Non Performing Asset and both the companies are in active discussion/negotiation with their lenders to restructure their debts at a sustainable level including waiver of unpaid interest. In case of the Holding Company the Corporate Insolvency Resolution Process has been initiated under "Insolvency and Bankruptcy Code, 2016". In view of the above, the Holding Company & one of its subsidiary has stopped providing interest accrued and unpaid effective 1 April 2016 in its books. The amount of such accrued and unpaid interest (including penal interest) not provided for is estimated at Rs. 75,743.39 lakhs (Previous Year Rs. 51,785.38 lakhs) for the year ended 31 March, 2018 and accordingly the same has not been considered for preparation of the financial statements for the year ended 31 March 2018. Due to non provision of the interest expense, net loss for the year ended March 31, 2018 is reduced by Rs. 75,743.39 lakhs. Further the Financial Liability is reduced by Rs. 127,528.70 lakhs and correspondingly the equity is increased by the same amount.
40. The balances of Trade Receivables, Loan and Advances, Deposits and Trade Payables are subject to confirmation /reconciliation and subsequent adjustments if any. During the course of preparation of consolidated financial statements, the Holding Company and one of its subsidiary had sent e-mails/letter to various parties with a request to confirm their balances as on 31st March, 2018 out of which few parties have confirmed their balances direct to the management or to the auditors of the Holding Company and one of its subsidiary.
- 41. Exceptional Items of Rs. 161058.29 lakhs for the year includes:**
- During the year the group has made an allowance for doubtful trade receivables under Expected credit losses (ECL) method aggregating to Rs. 101129.95 lakhs in compliance of Ind AS 109 which is charged to Statement of Profit & Loss as an exceptional item. Though the group strongly believes that these trade receivables are fully recoverable.
 - The group has given capital and trade advances amounting to Rs. 12,326.35 lakhs to the suppliers that are outstanding for a long time. In view of reduction in activities, the materials and services could not be called from such suppliers. In compliance

- of Ind AS 36 impairment for capital and trade advances amounting to Rs. 12,326.35 lakhs which is charged to Statement of Profit & Loss as an exceptional item. Though the group strongly believes that these advances are fully recoverable/adjustable.

51. Financial Risk Management

The Group's principal financial liabilities comprises of loans and borrowings, trade and other payables, and other current liabilities. The main purpose of these financial liabilities is to raise finance for the Group operations. The Group has loans and receivables, trade and other receivables, and cash and short-term deposits that arise directly from its operations. The management of the Group has set out the Group's overall business strategies and its risk management policy. The Group's overall financial risk management program seeks to minimize potential adverse effects on the financial performance of the company. The company policies include financial risk management policies covering specific areas, such as market risk (including foreign exchange risk, interest risk, liquidity risk and credit risk). Periodic reviews are undertaken to ensure that the Policy's policy guidelines are complied with. There has been no change to the Group's exposure to the financial risks or the manner in which it manages and measures the risk. The Group is exposed to the following risks related to financial instruments. The Group has not framed formal risk management policies; however, the risks are monitored by management on a continuous basis. The Group does not enter into or trade in financial instruments, investment in securities, including derivative financial instruments, for speculative or risk management purposes.

The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below:

(a) Market Risk: Market risk is the risk that the fair values of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: interest rate risk, currency risk and other price risk, such as equity risk. Financial instruments affected by market risk include loans & borrowings and deposits. The sensitivity analyses in the following sections relate to the position as at 31 March 2018 and 31 March 2017. The following assumptions have been made in calculating the sensitivity analyses:

i) The sensitivity of the statement of comprehensive income is the effect of the assumed changes in interest rates on the net interest income for one year, based on the average rate of borrowings held during the year ended 31 March 2017, all other variables being held constant. These changes are considered to be reasonably possible based on observation of current market conditions.

(b) Foreign Currency Risk Management: The Group undertakes certain transactions denominated in foreign currencies. Hence, exposures to exchange rate fluctuations arise.

(c) Liquidity Risk Management: The Group's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Group has outstanding bank borrowings. The Group is passing through a phase of liquidity stress and there is a mismatch in cash flows. Due to this, the capacities of the Group are running at sub-optimal level. The Group is at an advanced stage of negotiations with the banks for restructuring of its debt which would correct the cash flow mismatch. The Group believes that post restructuring, the Group would be able to generate enough cash inflows to meet its working capital requirements in the medium and long run. The Group manages liquidity risk by maintaining adequate reserves, continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

(d) Credit Risk Management: Credit risk refers to the risk that the counter party will default on its contractual obligations resulting in financial loss to the company. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the company uses expected credit loss model to assess the impairment loss or gain. The Group has exposure to credit risk from trade receivable balances on sale of Readymade Garments, Towel and Yarns. The Group has entered into short-term agreements with companies incorporated in overseas to sell the Readymade Garments, Towel and Yarns. Therefore the Group is committed, in the short term, to sell Readymade Garments, Towel and Yarns to

SEL Manufacturing Company Ltd.

these customers and the potential risk of default is considered low. For other customers, the Group ensures concentration of credit does not significantly impair the financial assets since the customers to whom the exposure of credit is taken are well established and reputed industries engaged in their respective field of business. The creditworthiness of customers to which the Group grants credit in the normal course of the business is monitored regularly.

e) Capital Risk Management: The Group's objectives when managing capital is to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. The director's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business.

No Changes were made in the objectives, policies or processes during the years ended 31st March 2018 and 31st March 2017.

Statement on Impact of Audit Qualifications (for audit report with modified opinion) submitted along-with Annual Audited Financial Results:

Statement on Impact of Audit Qualifications for the Financial year ended March 31, 2018 (Consolidated Financial Results)

(Rs. In Lakhs)

I.	Sl. No.	Particulars	Audited Figures (as reported before adjusting for qualifications)	Adjusted Figures (audited figures after adjusting for qualifications)
	1.	Turnover/Total Income	131734.57	131734.57
	2.	Total Expenditure (Excluding Exceptional Items and Tax adjustments)	172017.19	172017.19
	3.	Net Profit/(Loss)	(252770.14)	(328513.53)
	4.	Earnings Per Share	(76.28)	(99.14)
	5.	Total Assets	373404.32	374445.39
	6.	Total Liabilities	612068.14	739596.84
	7.	Net Worth	(238663.82)	(365151.45)
	8.	Any other financial item(s) (as felt appropriate by the management)	None	None

II. Audit Qualification (each audit qualification separately)

a.	Details of Audit Qualification	Regarding non provision of interest on borrowings from banks (classified as NPA) of holding and one of its subsidiary amounting Rs. 75743 lakhs & Rs 51785 lakhs (amount calculated after considering the rates and terms and conditions stipulated originally as per CDR package) for the year ended 31st March, 2018 & 31st March 2017 respectively. The same is not in compliance with the requirements of para 27 of the Ind AS 1-Presentation of Financial Statements w.r.t. preparation of financial statements on accrual basis
b.	Type of Audit Qualification: Qualified Opinion/ Disclaimer of Opinion/ Adverse Opinion	Qualified Opinion
c.	Frequency of qualification: Whether appeared first time/ repetitive/since how long continuing	Second Time
d.	For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:	The Majority of Lenders have stopped charging interest on debts, since the dues from the Company and one of its subsidiary have been categorized as Non Performing Asset and both the companies are in active discussion/negotiation with their lenders to restructure their debts at a sustainable level including waiver of unpaid interest. In case of the Holding Company the Corporate Insolvency Resolution Process has been initiated under "Insolvency and Bankruptcy Code, 2016". In view of the above, the Holding Company & one of its subsidiary has stopped providing interest accrued and unpaid effective 1 April 2016 in its books. The amount of such accrued and unpaid interest (including penal interest) not provided for is estimated at Rs. 75,743.39 lakhs (Previous Year Rs. 51,785.38 lakhs) for the year ended 31 March, 2018 and accordingly the same has not been considered for preparation of the financial statements for the year ended 31 March 2018. Due to non provision of the interest expense, net loss for the year ended March 31, 2018 is reduced by Rs. 75,743.39 lakhs. Further the Financial Liability is reduced by Rs. 127,528.70 lakhs and correspondingly the equity is increased by the same amount..
e.	For Audit Qualification(s) where the impact is not quantified by the auditor:	--N.A.--

Audit Qualification (each audit qualification separately)		
a.	Details of Audit Qualification	The Consolidated Ind AS financial results includes interest subsidy receivable amounting to Rs.32952 Lakhs which consists of interest subsidy (i) under TUFs from Ministry of Textiles and (ii) Subsidy under Textile Policy of Government of Madhya Pradesh for the Financial years 2013-14 to 2016-17 for which no confirmation was available. . The group has not provided for any allowance there against
b.	Type of Audit Qualification: Qualified Opinion/ Disclaimer of Opinion/Adverse Opinion	Qualified Opinion
c.	Frequency of qualification: Whether appeared first time/ repetitive/since howlong continuing	First Time
d.	For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:	--N.A.--
e.	For Audit Qualification(s) where the impact is not quantified by the auditor:	
	(I) Management's estimation on the impact of audit qualification:	The Subsidies are to be released by Ministry of Textiles and Madhya Pradesh Government and the Company and one of its subsidiary is hopeful of receiving the same in full. Since, the subsidies are not related to current year, the same does not have any impact on current year's profits/losses of the Company. However the reserves & surplus & current assets are overstated to the extent.
	(ii) If management is unable to estimate the impact, reasons for the same:	--N.A.--
	(iii) Auditors' Comments on (i) or (ii) above:	No confirmation to justify the release of subsidy by Ministry of Textiles and Madhya Pradesh Government. Moreover no Allowance under Expected credit loss has been provided under IndAS 109, Financial Instruments being long overdue.

II. Audit Qualification (each audit qualification separately)		
a.	Details of Audit Qualification	The Group has not provided to us for our review any working regarding impairment testing conducted to assess recoverable amount of Capital work in progress of Rs 55923 lakhs outstanding as at 31st March 2018
b.	Type of Audit Qualification: Qualified Opinion/Disclaimer of Opinion/Adverse Opinion	Qualified Opinion
c.	Frequency of qualification: Whether appeared first time/ repetitive/since howlong continuing	First Time
d.	For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:	–
e.	For Audit Qualification(s) where the impact is not quantified by the auditor:	
	(I) Management's estimation on the impact of audit qualification:	--N.A.--
	(ii) If management is unable to estimate the impact, reasons for the same:	The Company and one of its Subsidiary were implementing their Spinning project(s) which got stuck due to non-disbursement of credit facilities by the Banks. However, post Corporate Insolvency Resolution Process (CIRP) for the holding Company and negotiation with lenders also, the Company and its subsidiary expects that the project would be completed. Therefore, impairment testing was not conducted
	(iii) Auditors' Comments on (i) or (ii) above:	We are unable to comment on whether the company needs to make a provision in respect of impairment losses on above as required under Ind AS 36.

II. Audit Qualification (each audit qualification separately)

a.	Details of Audit Qualification	The Group write down the inventories of Raw materials, Work in Progress, Finished Goods identified as non-moving, slow moving, obsolete and damaged inventory to net realizable value by Rs 47602 lakhs for which the company has not provided to us any technical market/commercial evaluation for the same to justify its reasonableness.
b.	Type of Audit Qualification: Qualified Opinion/ Disclaimer of Opinion/Adverse Opinion	Qualified Opinion
c.	Frequency of qualification: Whether appeared first time/ repetitive/since howlong continuing	First Time
d.	For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:	--N.A.--
e.	For Audit Qualification(s) where the impact is not quantified by the auditor:	
	(I) Management's estimation on the impact of audit qualification:	--N.A.--
	(ii) If management is unable to estimate the impact, reasons for the same:	Due to the liquidity stress, which the Company and one of its subsidiary were facing from last five years, the Company and one of its subsidiary have not been able to manufacture products as per requirements of the buyers or as per market demand. They have been manufacturing products to keep their production capacities working and as per availability of raw material. The Company and one of its subsidiary have been procuring raw material from the sources where credit is available. All this had resulted in build-up of obsolete stock and slow moving stock which has been now written down to net realizable value.
	(iii) Auditors' Comments on (i) or (ii) above:	Being a technical matter we are unable to comment on the loss recognized by the company due to write down of inventories to net realizable value.

II. Audit Qualification (each audit qualification separately)

a.	Details of Audit Qualification	The Consolidated Ind AS financial results, in respect of Borrowings (Non Current), Short Term Borrowings and other Financial Liabilities (Current) contains secured loans from banks. There is shortfall in the carrying value of the security against the secured loans consequently the loans are not fully secured.
b.	Type of Audit Qualification: Qualified Opinion/Disclaimer of Opinion/Adverse Opinion	Qualified Opinion
c.	Frequency of qualification: Whether appeared first time/ repetitive/since howlong continuing	First Time
d.	For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:	--N.A.--
e.	For Audit Qualification(s) where the impact is not quantified by the auditor:	
	(I) Management's estimation on the impact of audit qualification:	--N.A.--
	(ii) If management is unable to estimate the impact, reasons for the same:	The carrying value of the security has reduced due to writing down of inventories, impairment of advances, trade receivables etc for the Company and one of its subsidiary.
	(iii) Auditors' Comments on (i) or (ii) above:	Management comments are self explanatory, the disclosure of bank borrowings classification between secured and unsecured not given in financial statements.
